Jefferson Addition To Be Built For \$347,313

Contract for construction of a cafeteria addition to Jefferson union high school was awarded to Ralph Larsen & Sons Monday night by the board of trustees.

Their bid of \$347,313 was low for the project, which will be a continuation of the auditorium to be located at the south end of the school. It will include a clothing room, food laboratory, nurses room, little theater and vocal music rooms, and a teachers conference room.

THE TOWN RECORD

By MONTE DAYTON

I see by HERB CAEN, apostle of wit and wisdom for the San Francisco Examiner, the following: "The Daly City police department is feuding with the local coppers on account of our eager beaver bulls keep sneaking across the county line into Westlake to peddle tickets to the policemen's ball. If this develops into a full fledged battle, goodbye Daly City."

Rumor has it that Caen means the SF bobbies are miffed and won't let any more Daly City people come to their dances if our police don't stop picking on them. So there!

It's lucky next week is vacation, because half of the Jefferson high kids probably wouldn't come to school anyway. A student's delight has visited itself upon the campus. JOHN MORGAN, assistant principal and officer of the truancy, has gone and got himself the mumps and will of necessity not be on campus for a short time.

After 23 years of matrimony some sort of celebration is in order: MR. and MRS. WILLIAM HYERS, residents at 57 Gambetta the past decade, did the occasion up right with dinner-dancing festivities at the Club Casino Saturday. He's a carpenter, she's a music teacher, married that many years ago in Las Vegas, Nev. In attendance were PATRICIA (a daughter) and JOSEPH ARRIGHI, son BUCKLEY HYERS, another son, KENNETH HYERS and spouse. Not present was the elder Hyers' four-year-old daughter, CHRISTINE.

ELSI WILKE, whose husband is one of the protesters in the current Abbey Homestead annexation rift, is in the employ of the PG&E, who are seeking to be annexed. Some spot, huh?

JOE BELLI, well-known local citizen and dactive clubman, is beating a resounding drum for Joe Belli for the coming police commissioner election in Broadmoor. Joe did what might pass for police work while in the service, and says he'll make a helluva good commissioner.

Maybe so. We haven't heard much noise from the camp of the other two candidates.

The good old days: LYAL INGERSOLL, chairman of the high school board of trustees, came up with a refreshing, if not plausible, suggestion for acquiring a new dump truck for the district Monday night.

After a board member had mentioned that the present vehicle used for such purposes had been purchased quite some years back for \$15, Ingersoll proffered this idea: Let's appropriate \$15 more and get a new one. Ah, nostalgia!

More soundings from the board: Architect MARIO J. CIAMPI will pick up the tab for a dinner for the high school trustees. Reason: He lost a bet to TOM CALLAN, supervisor and trustee??? Super. Callan guessed low bid for the new cafeteria addition would be \$327,000; Ciampi guessed \$480,000. Low bid: \$347,313.

DAVID WESLEY JAMES, age: (about 36 hours) made his entry into this world Wednesday night at 9 p.m. at Children's hospital. On his first weighing in, the youth tipped the scales at 7 lbs., 9 ozs. Parents are MR. and MRS. WESLEY JAMES, 677 MacArthur boulevard. Mrs. James (JUNE) formerly worked with THE RECORD, but departed recently for reasons obvious.

PAY RAISES GIVEN THREE DALY CITY DEPART'MT. HEADS

Salary raises were granted to three department heads by the council Monday night, as recommended by the civil service board of review.

Police Chief Roland Petrocchi's salary was raised from \$450 per month to \$480, while the fire chief, Elmer Kennedy, and the superintendent of the water department, Arthur Bodien, had their wages upped from \$450 to \$475 monthly.

Salary of Building Inspector George Hopman remained the same. In approving the salary increases Monday, the council also set up the step plan for wages, rather than the flat salary system. Under the new set-up, increases in salary will be in order after necessary tenure has been built up.

ALVARADO CRASH CLAIMS LIFE OF LOCAL RESIDENT

Herman E. Hum, 41, of 42 Lake Forest drive, was among the 35 persons killed in the disastrous air crash near Alvarado, Friday.

Hum, co-pilot of the Transocean Air Lines plane, leaves his wife, Suzanne, and a 13-year-old son, Buddie.

The Daly City resident was a veteran pilot and ranked normally as a captain by the company.

He joined the company when it was first started seven years ago, and had more than 11,000 hours of flying time.

Hum served as a combat pilot during the war and he also acted as an instructor in the United States. He still held a naval reserve commission as a lieutenant commander.

He was a member of the American Legion Sunset Post, No. 400, of San Francisco, and several air pilot associations.

Besides his immediate family, he is survived by brothers and sisters in Arkansas.

Funeral services were held from Halsted mortuary in San Francisco and interment was at Golden Gate National cemetery, San Bruno.

Call For Bids Monday On Water Bonds

The council is scheduled to call for bids Monday night on the \$390,000 revenue bonds for improvement of water facilities.

The bonds will be redeemed through revenue earned by the department.

Work to be done with the bond money includes construction of a 3,000,000 gallon reservoir in Westlake, and improvement of other water facilities.

Test-drilling began this week for two new \$12,000 wells to be constructed with the bond money.

COLMA POLICE CHIEF SAVES BOY'S LIFE

Joe Ryan, Colma police chief, was credited with saving the life of eight-year-old Daniel Nordquist, son of Mr. and Mrs. Juan Torres, 441 E street, Colma, Monday, after a hectic dash to San Mateo community hospital.

Young Nordquist's parents became alarmed Monday morning when the boy complained of pains in his stomach, and summoned Ryan, who took the boy to Junipero Serra hospital.

Authorities there indicated the boy's appendicitis had been burst for more than 24 hours, and said immediate attention was needed to save the child's life.

Ryan sped the boy to the hospital, where doctors operated and performed the operation in time to save his life.

Final Preparations Made For Thursday Easter Egg Search

If everything goes as scheduled, Daly City's youngsters 12 years old and younger will be out searching for 4000 colored eggs Thursday, April 2, at three locations.

The annual Easter egg hunt is scheduled to begin at 2:30 p.m., but in case of wet grounds will be held Saturday, April 4, at 11 a.m.

Children living at the "top of the hill" should report to Frankfort street between Templeton avenue and Oliver street; those living south of the "top of the hill" should go to the top of Gambetta street; and children living in Westlake, Broadmoor or other areas west of Junipero Serra boulevard should report to the end of Park Plaza drive behind the Westlake market.

Among the 400 fancily colored eggs will be some marked "prize" and their finders will be awarded different items.

The Easter egg hunt is sponsored by the local recreation department, assisted by the recreation commission, all the PTAs in the area, the Holy Angels Mothers club, Daly City Women's civic club and the Daly City-Colma Boy Scouts and Girl Scouts.

(Continued on Page 2)

Go-Ahead Is Given On Sewage Report; Board Plans Elect'n.

Final approval of the engineers' report for the proposed half-million dollar sewage disposal plant in Westlake was given Monday by the sewage district's board of trustees.

Next move, according to James Kennedy, president, will be to set machinery for holding the bond election in motion.

The plant, of primary treatment type, will include two digester tanks and one clarifier tank.

Location will be on the property adjacent to the intersection of Lake Merced boulevard and Alameda extension.

SF Annexation Strategy To Be Plotted Wednesday

San Francisco's board of supervisors will convene Wednesday at 3 p.m. to discuss three bills pending before the state legislature that would make annexation of Broadmoor and Westlake possible.

Supervisor Edward P. Mancuso, king-pin in the move to grab sections of San Mateo county and Daly City, said the board will suggest revisions in the bills which will aid their passage.

Three Burglaries Reported; Same Operations Method

The pillagers who struck four times this week, ransacking and creating general havoc in buildings, appear to be the same group who broke into the community center recently and did some \$1000 damage.

Li. Roy Beecher, who has investigated the recent ransackings, said that the method of operation and the aftermath of their visits seem to be similar in each case.

Sunday night thieves entered three stores, but made off with only about \$30 in loot.

The burglars broke into the Alvarado Jama Realty company, 6029 Mission street, and stole \$7.50 worth of one-cent stamps.

In another attempt, the looters entered the Melody camera studio, 6027 Mission street, but found only

KNOWLES AVENUE WIDENING WILL COST \$19,912.04

Contract for widening of Knowles avenue was awarded to L. C. Smith & Co. Monday night by the city council.

The company submitted low bid of \$19,912.04 for the work. Bids ranged from that figure to a high of \$29,887.

Widening of the street from its present 30 foot width to 38 feet will begin in approximately two weeks, according to Dan Andersen, city administrator.

The sidewalk on the north side will be torn up, but acquisition of further property will not be necessary, Andersen said.

The road will be brought to the 38-foot dimensions from Mission to Niantic avenue.

Parking on Knowles avenue has been banned recently because of the narrowness of the thoroughfare. However, Andersen declared, it is probable that parking there will be made legal again following completion of the widening.

DRIVER HITS COP'S CAR; CHARGED FOR FIVE OFFENSES

A San Francisco driver ran into the wrong person Wednesday on the 6100 block on Mission street, and as a result will appear in Municipal court at 10 a.m. Tuesday to answer five different charges.

Percy Edward Derocher, 37, of 2148 Third street, ran the arterial stop at Crocker and Mission streets going north and rammed smack into a parked police car, damaging it, his own car, and one other vehicle.

Officer John Coleman had left the police car to issue a citation to an illegally parked vehicle at 6123 Mission.

As he wrote out the ticket, Derocher allegedly sped down on him, narrowly missing the officer, who jumped between his parked car and the other vehicle to avoid being hit.

On questioning, police described Derocher as "incoherent," and "disheveled," also stating that he was in a state of intoxication.

List of offenses racked up against the wayward driver include, driving while intoxicated, wreckless driving, running an arterial stop, proceeding with undue caution, and following too closely behind the car in front.

IT'S HAPPY TIME FOR DALY CITY YOUNG FRY

At least 3000 of Daly City's residents are doubly glad that today's Friday.

Jefferson elementary and high school district children, more than 3000 strong, embark on an Easter holiday, beginning today.

Classes will resume again on April 6.

LAGOMARSINO CLAIMS 300 PERSONS PROTEST SUB-STATION LOCATION

The question of the Abbey Homestead annexation will go into its third week of unofficial hearing Monday night, at which time the council is expected to deliver a final decision. (See editorial page for further details.)

Indications to date are that the council will approve taking in the seven-acre area near Colma, which will eventually include a \$1,080,000 PG&E sub-station, if no heavy opposition is heard.

Cities To Discuss County Sales Tax Next Thursday

A hearing on the recently proposed county sales tax will be held Thursday at 8 p.m. in Redwood City.

Officials of Daly City and other communities are expected to be present to discuss the proposed one-cent lien.

Dan Andersen, city administrator, and Paul Green, councilman, have indicated they will go along with the plan if the city will receive all tax money collected in the city limits.

As it now stands, the county seeks to collect 25 per cent of all revenue accruing to incorporated areas.

Andersen said the county is entitled to 25 per cent of the tax money from unincorporated areas, but not from the cities.

Countering Lagomarsino's statements, Joseph Rohl, local PG&E manager, said later: "Our engineers design these installations with safety in mind. The possibility of an accident occurring is so remote as to be non-existent."

He added that "this site was selected only after careful consideration of all the factors involved." (See sketch on editorial page.)

Rohl indicated that if the company was not permitted to build there they "would not be able to fulfill our obligations to provide the area with adequate and dependable service."

In addition to the Lagomarsino opposition, there are also 14 property owners in the area who protested the annexation by letter at the official hearing, March 16.

According to Gaggero the three main parcels, owned by Michael Callan, William Lagomarsino and the PG&E could still be annexed even though these property owners don't go along with the plan.

However, Gaggero explained, if the protests of Arthur Schramm and Gustav Wilke are not waived, the annexation might have to skirt their property, thus making the new boundary lines somewhat complicated, though still contiguous.

Fred Bertetta, head of the local planning commission, said he was not opposed to the location of the PG&E sub-station, but explained that they would have to submit another application for the structure if they were taken in by Daly City.

Vickers Is Injured In SP Wreck

Sanford Vickers, 155 Abbott street, Daly City planning commissioner, received minor bruises Monday as he jumped from the cab of the Southern Pacific commuter train that turned over east of Mountain View.

Vickers, who was a fireman on the locomotive, and engineer Frank Bacher of San Francisco, leaped from the cab when they saw it was going to overturn.

The two were held overnight at (Continued on Page 2)

Callan Job Situation ... It's Still Up In Air

"They can't throw me out that easy," Thomas J. Callan, county supervisor and trustee of the Jefferson high school district, said this week.

And indications are that the controversial question of whether Callan's two jobs are "incompatible" is going to stretch out for a long time.

James Tormey, superintendent of schools, told THE RECORD this week that "it's a very difficult situation."

In effect, Tormey said, Attorney General Edmund Brown's ruling that Callan can't hold both jobs is only "advice."

Tormey said a court precedent had been set in an almost identical case, and the judge ruled that both jobs could be held at one time. This instance was in Tuolumne county a few years back.

Therefore, Tormey said, Brown is refusing the decision of the court.

"The court's ruling should stand until reversed by an appellate court," he said.

However, Tormey is selecting a citizen's nominating committee to make an appointment if and when Callan vacates his trustee post.

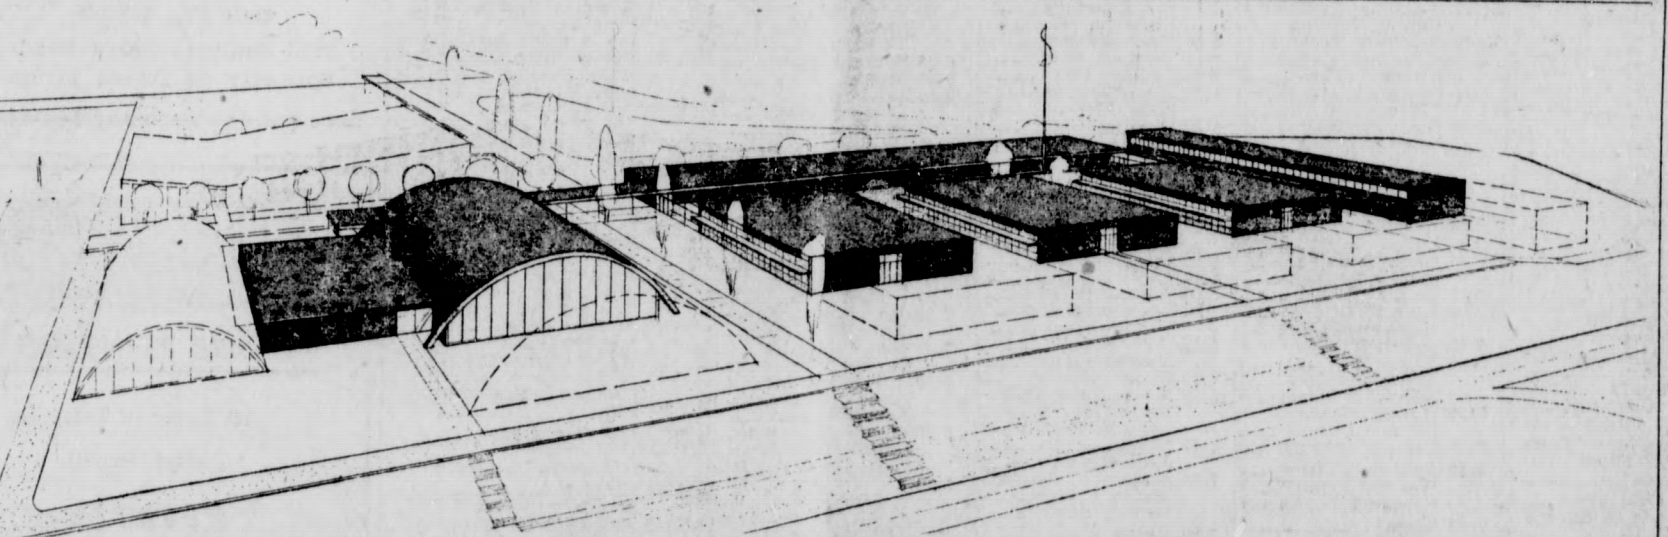

He said two representatives of business, one representative of a group parental organization, and two labor members, will make up the nominating group.

Tormey, himself, will make no move to appoint a trustee, he said.

"There might be a suit involved, either on the part of Callan or the person named to his position," he pointed out.

The only definite solution that Tormey proffered was that "Cal-

(Continued on Page 2)

THIS \$2,000,000 addition to the Jefferson union high school district, the Skyline school, will be ready for use sometime in late 1954 or '55. Above sketch, by architect Mario J. Ciampi, is an outline of the school, to be located on Edgemoor road east of Skyline boulevard. Dotted lines indicate projected work, to be completed as the need arises. The school will be housed on a 60-acre site, of which 30 acres are scheduled for development under present plans.

The Road To Poverty

Unless an industrial expansion program is undertaken in the county, governmental services must eventually be reduced or taxes will continue to climb.

This was the essence of a special report announced this week by San Mateo county planning director Frank Skillman.

Nowhere does the lack of industry make itself more known on the pocketbook than in Daly City. This city's entire industrial line-up could be counted on the fingers of one hand.

The population of San Mateo county, estimated now at more than 300,000, has increased more than 111 per cent in the 10-year period from 1940 to 1950.

Daly City even topped this figure, with the population in 1940 being 9612, now more than 21,000, or an increase of more than 118 per cent.

But the remainder of the county has experienced some industrial expansion.

Here industry has remained static, or almost

non-existent.

At the same time, this 111 per cent county growth, and 118 per cent growth locally has made new demands for governmental services, mainly for schools.

The result has been that, with no other outlet for placing the financial responsibility, the weight of the individual taxpayer's burden must be increased each year to meet the need.

While the rate of growth continues at a geometric rate, the assessed valuation of an entire urban area only grows arithmetically.

To clarify this, the normal assessment on one new home (housing two children) is not enough to carry the extra load of educating the two children.

Unless somebody comes up with a way to attract industry to this area, the taxpayers will eventually be made destitute as the cycle continues over the years.

The Cities Take The Hindmost

This Monday the senate judiciary committee will hear the latest legislation designed to rob cities of their income.

This brainstorm, Senate Bill 1100, by Senators Regan, Hulse, Ward, Collier and Powers, provides that all fines and forfeitures, including vehicle code fines, first be used to pay all costs of municipal and justice courts and the balance, if any, would be then distributed to counties and cities in proportion to the fines and forfeitures which result from arrests by state and county officers on one hand and city officers on the other.

This shrewd bit of manipulation would billk the cities of about \$7,000,000 a year, which would be turned over to the counties for support of municipal and justice courts.

Of this loot, Daly City would contribute more than \$25,000 annually.

The bill would also have the effect of making the court a collection agency, rather than a trib-

unal of justice, since the judge would be directly concerned with the amount of fines.

Another gross aspect of this bill is the fact that misdemeanor fines would then be used to support civil litigation, heretofore a responsibility of the county.

Eventually, some judges, like salesmen, would demand higher salaries on a commission basis, since they could claim all the credit for bringing in more revenue to the court.

Supposedly the new municipal court set-up was made to lighten the burden on the superior courts and stream-line justice. Since when are superior courts a responsibility of the cities. If this bill becomes a reality, the cities will be kicking through for the superior courts.

The bird brains in our legislature have come through with some real pips, but Senate Bill 1100 tops them all for legislative bumbling.

A Pleasant Surprise

The board of trustees of the Jefferson high school district are to be commended for their economy in securing contract for construction of a new cafeteria addition at the local school.

The board, in approving specifications for the new structure, called for a functional, spacious building, at the same time not throwing in a lot of unnecessary architectural folderol.

Low bid for the construction was \$347,313, or in excess of \$100,000 less than was anticipated.

Cost per foot for the building will be approximately \$14.25, or about \$6 a foot less than similar work at other county high schools.

This \$100,000 or more that was saved will come as a gratifying shock to taxpayers, who are not accustomed to such goings on.

Former High School Trustee, Pioneer Passes Away Here

Remi Sanders, 57, former high school trustee and resident here since 1912, passed away Wednesday night after an extended heart illness.

He served on the board from 1935 until 1950.

The deceased lived here at 351 San Diego avenue.

In addition to his high school trusteeship, he was a member of company No. 2, fire department, for 22 years; a member of the Veterans' Firemen's association; be-

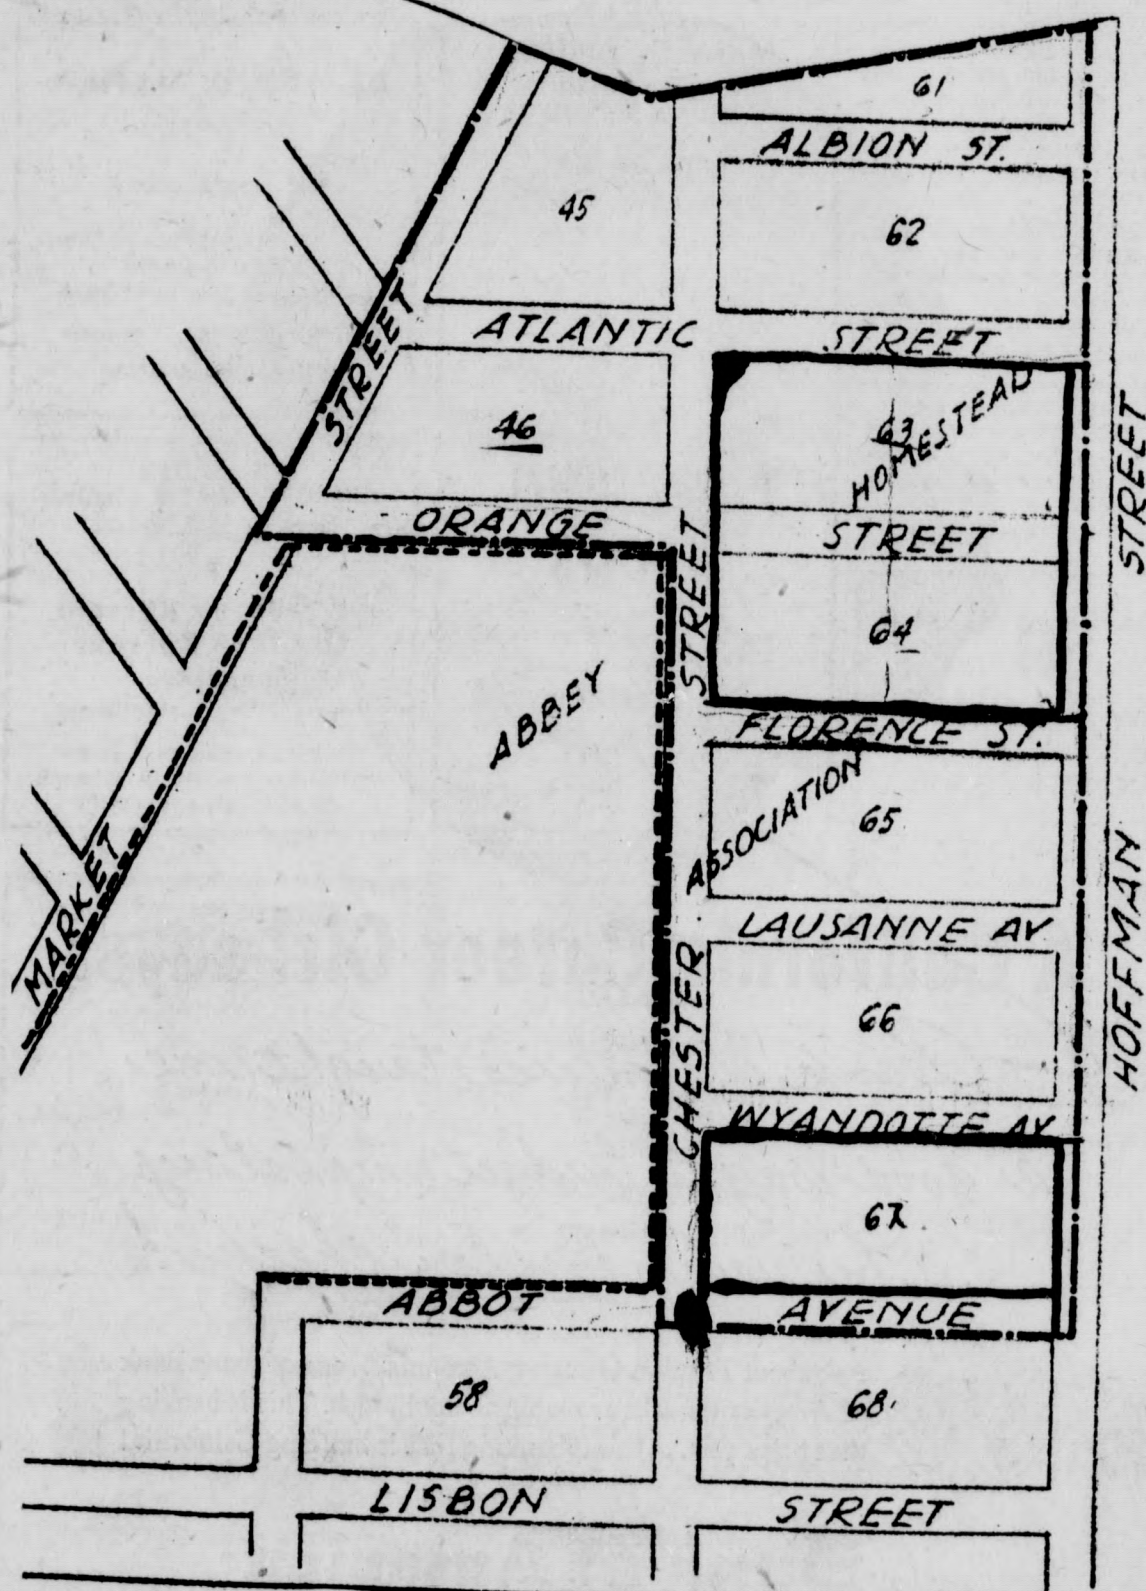

longed to the Masonic Temple of Crocker Lodge; and was one of the original founders of American Legion Post No. 410.

He leaves a brother in Belgium, his native country; his widow, Susie Sanders; and two daughters, Mrs. Alice Walsh, and Mrs. Lorraine Suber.

Services will be held Monday morning from W. C. Lasswell & Co. Interment will follow at Golden Gate National cemetery, San Bruno.

Present Corporate Limits

Proposed Area To Be Annexed

MONDAY THE COUNCIL will decide whether this area near Colma is, or isn't, a part of Daly City. Blocks enclosed in solid dark lines may be left out of the annexation, because of protests from property owners in those areas. PG&E's proposed sub-station will be located in the section bounded by Orange, Market, Atlantic and Chester streets.

Daly City Chamber Of Commerce Says Sub-Station Serves Interests Of City

March 24, 1953

The Record
Daly City, California
Gentlemen:

This organization has been watching with considerable interest the developments with respect to the petition for the annexation of certain land to the City of Daly City, particularly that area which involves property recently purchased by the Pacific Gas and Electric Company.

As you know, the Daly City Chamber of Commerce was formed in order to promote the best interest and welfare of the community, as it was felt that there was a definite need for a Chamber of Commerce in order for the City to compete with other communities in the locality.

We are familiar with the subject petition for incorporation and it is the opinion of our membership, which includes members of business and various civic organizations that the best interests of our

City will be served by such action. The only objections we discovered were from a few people who had interests which could best be described as being purely personal.

The increased taxes which the City will derive from this million dollar project will certainly assist us in making some needed civic improvements. To our knowledge, this will be the first major industrial development for Daly City and we would not like to see it mishandled. Furthermore, we understand that this major addition to the electrical facilities serving the area is absolutely essential if we are to have electrical capacity sufficient to supply our ever growing needs and to attract new industry to our City.

Our purpose in writing to you is to express our views in this regard, as we are vitally interested in the betterment of our community. Yours very truly,
Daly City Chamber of Commerce

Real Estate Broker Says Sub-Station Should Be Built In Unimproved Area

To the People of Daly City:

As a local real estate broker who is interested in the welfare and well being of all the people of Daly City I believe that a certain matter which has been brought before the City Council of the City of Daly City should be further elaborated upon beyond the normal legal publications. This matter I have reference to is the proposed annexation of Blocks 45 and 46, Abbey Homestead Association.

This proposed annexation is being made for the specific purpose of erecting a Pacific Gas and Electric sub station on said blocks. This sub station is not of the small rather inconspicuous nature, but rather it is so enormous as to engulf all of the previously mentioned blocks 45 and 46.

Now, what also undoubtedly is not commonly known is the fact that this proposed sub station is proposed to be erected directly alongside the new Colma Elementary school. (This school is now housing the 7th and 8th grades of the entire school district; therefore, the entire school district is directly affected.)

Previously, the Pacific Gas & Electric Company petitioned the San Mateo County Planning Com-

mission, and the San Mateo County board of supervisors for a use permit to erect said sub station as well as permission to close Atlanta street; which is the street dividing said two blocks. This Atlanta street also is one of the two remaining streets connecting Market and Chester streets. The one remaining street would be the street dividing the proposed Pacific Gas & Electric Company and the now existing Colma Elementary school and its subsequent improvements. Adjoining the Colma Elementary school on the south side bordering on Chester street is another parcel of land which is proposed as an additional annexation to the City of Daly City.

Now, this site will undoubtedly be used as a residential district. In the event of a conflagration of any kind this one remaining street connecting Market and Chester streets would be the only means of transporting equipment to the aforementioned residential district other than by diverting said traffic around the school site and through the unincorporated area of Colma.

The San Mateo County Planning Commission rejected the application for a use permit for many

Local Grand Jury Member Named To Two Committees

Edward Garibaldi, 1 Clifford drive, the only Daly City resident serving on the recently-appointed 1953 county grand jury, has been named to two standing committees of the jury.

Garibaldi, a real estate broker, was appointed to the county and city fire districts committee and the community hospital and county sanatorium investigating group. Dan R. Love Jr., chairman of the jury, made the appointments. He said the committees will begin their investigations of county offices soon.

Next meeting of the jury is slated for April 23. Regular meetings will be held the fourth Thursdays of each month through the year.

SSF POLICE CITE LOCAL DRIVER FOR IGNORING OFFICER

Ray H. Blackman, 50, of 260 Winchester street, was cited by South San Francisco police last Thursday for failure to obey a traffic officer after he was involved in an accident at El Camino Real and Hazelwood drive.

Blackman was treated for minor injuries after he collided with a car driven by John R. Stokes, 44, of 440 Northwood drive, South San Francisco, as Stokes attempted to cross El Camino Real.

Police said Blackman was ordered to stop, but didn't, and, in passing through the intersection, struck the other vehicle.

The California Department of Fish and Game has a record of a pismo clam estimated to be 27 years old, measuring 6 3/4 inches in diameter.

The Buhl Planetarium in Pittsburgh was opened in 1939.

The United States is the world's largest producer of ground mica.

reasons: however, I will at this time only mention a few as follows: It was mentioned that the Planning Commission would invariably deny any application for a permit to erect a school directly alongside such a sub station; therefore, why should the same commission issue a permit to erect a sub station alongside a school.

It was also brought to the attention of the commission that some three hundred (300) petitioners have signed a petition protesting the erection of said sub station for the following reasons: said sub station would create an attractive nuisance and a safety hazard in regard to the pupils of the Colma school; also that a sub station of so vast proportions should not be erected directly above. There were also submitted various letters of protest to the San Mateo County Planning Commission from the following: The Colma Volunteer fire department and the Daly City Planning Commission.

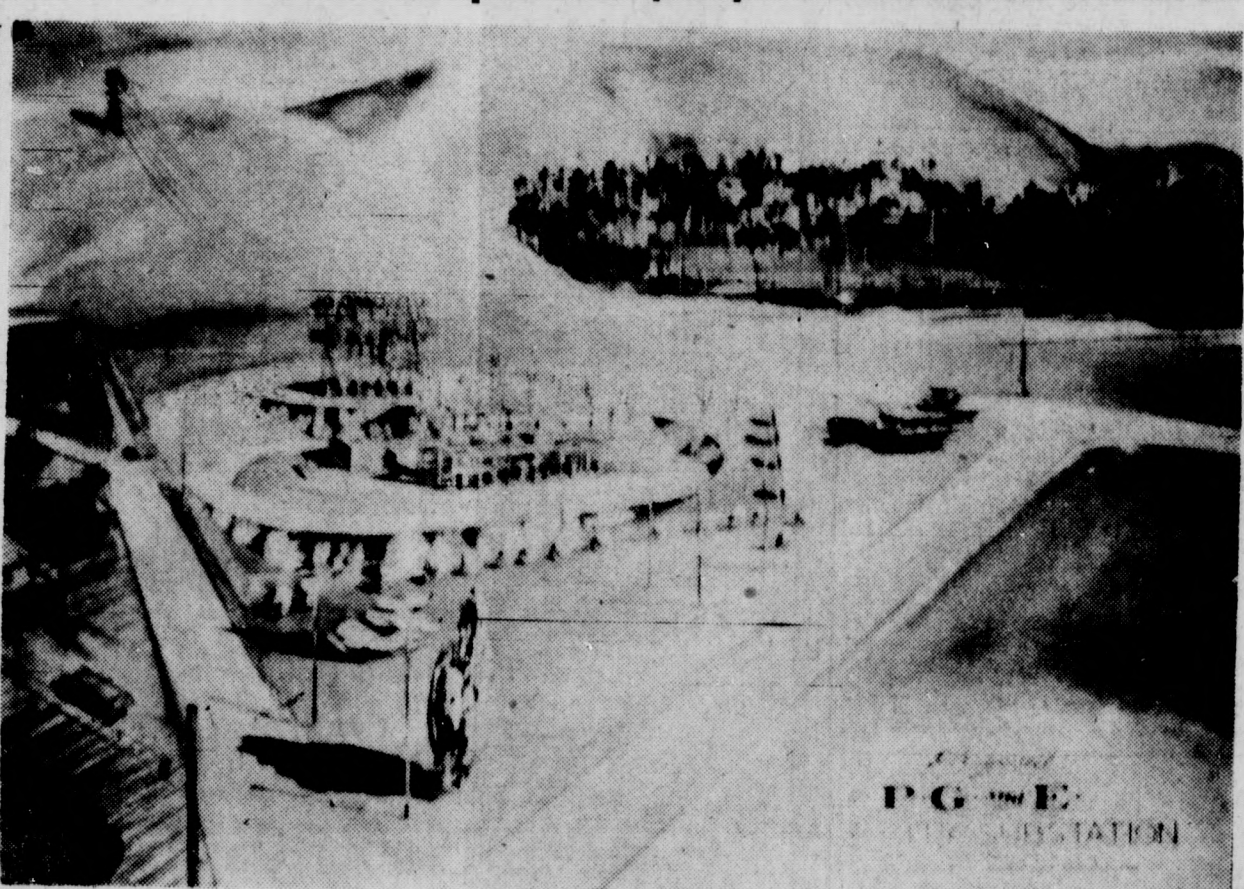

It has been asked, and rightfully so, why can't the Pacific Gas & Electric Company erect the proposed sub station in the large unimproved area directly adjoining the proposed site.

In view of the above mentioned facts, and having an interest in the well being and welfare of the people of this rapidly growing city, I felt it my duty to bring this matter to your attention.

Thank you very much for being so kind to have read this letter dedicated to the improvement and betterment of our great city.

Sincerely yours,
George R. Lagomarsino

This Is How PG&E's Proposed \$1,080,000 Substation Will Look

SKETCH of the PG&E's proposed \$1,080,000 sub-station, to be located between Orange, Market and Chester streets in unincorporated Colma. The PG&E site is located in the Abbey Homestead area, currently up for annexation. Final decision on the annexation has been held under study by the council for the past two weeks. The matter will be taken up again Monday night. Several protests to the annexation have been heard to date. —THE RECORD Photo

Library News

By Lorraine DeFanti

By Lorraine DeFanti
Librarian

A visit to the Bookmobile at its weekly Westlake stop proved that local residents are responding very favorably to this library service. We saw young and old alike actively engaged in selecting their weekly quota of books. A brief chat with Phil Morales, librarian in charge of the Westlake area, revealed that the juvenile borrowers are the Bookmobile's most ardent fans. In many areas where the county's large red "Book Truck" stops, eager borrowers literally swarm down on the book supply somewhat like locusts, leaving behind few "shelf sitting" books. These facts were smilingly related by the congenial Mr. Morales who, by the way, was a Daly City resident for many years prior to his position on the San Mateo County Library staff. We are all delighted with the successful reception the Bookmobile has received. (Notice to Bookmobile borrowers: Books withdrawn from the Bookmobile must be returned there. They cannot be turned in at the library.)

Circuit Collection
A "circuit collection" of 25 volumes is now at the Daly City public library. The books will remain here until July 6, 1953. The collection includes mysteries, science fiction and light reading novels. The circuit collection is a county library service designed to supplement the new books section. When this collection is returned, it will be replaced by another group of new books of similar type, and thus there will be books rotating to all the county branches.

1953 Children's Book Awards
The Caldecott Medal, the annual award for the most distinguished picture book for children, was won this year by Lynn Ward for his book, "The Biggest Bear." Mr. Ward's book provides an excellent example of an artist's attempt to communicate a story to children almost entirely through pictures. This delightful and heartwarming book tells the story of a little boy's longing for a bearskin to hang on his barn. When Johnny finds a bear, the animal is too small to shoot. The youngster takes the bear home, but before long he grows surprisingly big, and as a result is the cause of no end of

trouble at home. With vitality and integrity which is characteristic of this author's talent, Mr. Ward shows how Johnny finally finds a home for his pet. Through the years more than a hundred books have been illustrated and designed by this versatile artist. He uses vigorous powers of drama, invention and imagination to enrich the horizons of his young readers. Be sure to introduce your four to eight year olders to the "Biggest Bear."

Newberry Medal
This year's Newberry Medal, an award given to the author of the most distinguished children's book written during each year, was won by the distinguished authoress Ann Nolan Clark for the book, "Secret of The Andes." Mrs. Clark has worked for many years teaching Indian children, and her experience has given her a fine sense of understanding, realism and sympathy for the Indian people. Some say that "Secret of The Andes" is Ann Nolan Clark's greatest book. The story unfolds an age-old mystery of the Indian boy Cusi and the wise old man, Chuto, heir to the Incas on Hidden Valley high up on the rocky slope of a mountain. It is a story that sings the grandeur of the mountains, the wild crags, the canyons and gorges, the lovely pastures and deep crystal pools. In her story Mrs. Clark tells of the grandeur of the Incas; their grace and pride and dignity. With a remarkable insight into the minds and hearts of the Indian people, Ann Clark portrays the greatness of the Inca tribe.

Easter Reading
Among the many fine books for the young with an Easter theme are Beatrix Potter's, "The Tale of Peter Rabbit," and Katherine Milhous', "The Egg Tree." Peter Rabbit, the charming perennial favorite, is celebrating its 50th anniversary, and is still read and loved by young readers. The Egg Tree, a lovely story about the Easter season in a Pennsylvania Dutch colony many years ago, was the Caldecott Medal winner in 1950. The few books discussed here are among the finest in the world of children's literature. But many, many more can be found at your public library. Help to enrich your children's reading heritage by acquainting them with the world of books.

In The Past

TEN YEARS AGO IN THE RECORD

Thursday, March 25—Starting Monday housewives of the Daly City area will begin to use the red stamps from War Ration Book Two to obtain their family supplies of meat, canned fish, cheese and edible fats and oils.

In the first month, each holder of a book, regardless of age, will have a basic allotment of 16 points a week to spend and family shopping may be done with the books of all members.

Sergeant Robert E. Cullen Jr., Army Air Force, recently spent a week visiting his parents, Mr. and Mrs. R. Cullen, 491 Templeton avenue. This was young Cullen's first trip home since becoming a member of Uncle Sam's army eight months ago.

Four months of combat duty on embattled Guadalcanal island in the southern Solomons lie behind Private William E. Robinson, 21, member of the U. S. Marine Corps, who recently returned to this country on sick leave, after contracting malaria. While living in Daly City, Robinson made his home with his aunt, Mrs. Kenneth Armintrout, 1127 Brunswick street.

FIFTEEN YEARS AGO IN THE RECORD

Friday, March 25—Albert Frank Carrillo, 83, uncle of Leo Carrillo, film actor, and member of the prominent early California died Saturday at Villa hospital in Daly City.

It was announced by Coroner William Crosby that he would make an investigation. The coroner's office intends to investigate just how Carrillo, direct descendant of one of California's first governors, was injured in an auto accident on January 22.

Rated as Class "A" by the national board of underwriters, the Daly City fire department enjoys the highest status awarded for call companies. Such an excellent rating is unusual for volunteer departments which protect such a large area and operate on such a low budget.

Residents of Daly City enjoy water which is classed as the purest and best in quality to be had in the state. Visitors here always commend local water and often say they would like to take

it home with them. By the recent addition of two new reservoirs water storage for the city has been increased from one million to three million gallons. This tremendous supply gives the community virtual security in the event of any unforeseen disaster.

TWENTY FIVE YEARS AGO IN THE RECORD

Friday, March 23, Harry Woods, a painter, was found dead in his home at 44 Willis street last Saturday morning, he having ended his life, it is believed, because of despondency over the fact that his wife had recently filed suit for divorce.

When Woods failed to come to work on Saturday morning, three of his friends came to his home to find out the reason for his absence. Upon arriving they found the door locked, and noticed the presence of escaping gas.

Dean C. Beshlich, former assistant cashier of the Daly City branch of the Bank of Italy, who is charged with embezzling \$3100 from the bank and for whom a search has been made since January 8, has surrendered. Beshlich's bail has been set at \$7500. He admitted that he had been in hiding near San Francisco all the time and that he decided to give himself up when his friends refused to lend him the funds with which to make restitution.

Seed Company Official Speaks At Lions Meet

Clarence Hoff, representative of the Hallawell Seed company, was the guest speaker Wednesday at the ladies' day luncheon meeting of the Daly City-Colma Lions.

He spoke on gardening principles and on innovations in gardening methods.

A new member, Nathan Temkin, manager of King's market, was inducted at the Wednesday gathering. Officiating at the swearing in was zone chairman Ira Neville.

A Pennsylvania company has refunded \$1,150,000 to the Federal government as a result of savings on a defense contract. The million was saved by economies on spare parts. In addition, the company cut \$100 from the cost of repairing each of 1,500 vehicles.

Two toes of the road-runner point forward, the remaining two backward.

Gardens Will Thrive In Daly City Climate

Proof positive that a little effort in the old terra firma can reap amazing results is the backyard of Mrs. Bernice Yohn, 292 Hillside boulevard.

Mrs. Yohn, now going into her second term as president of the Daly City Garden club, has spent some ten years cultivating a little plot of ground in the back of her home and the results would please the most ardent of the green thumb fans. (See photo.)

"It's all a matter of trial and error," Mrs. Yohn declares, a statement that might add some encouragement to local gardeners.

For those who think conditions aren't right for bringing up a healthy garden in Daly City, Mr. Yohn explains that this city has a "good, all-around climate," for growing flowers and shrubs.

However, she advises would-be gardeners to shy clear of those plants that require a great deal of sunlight.

Right now is the best time of

year to start your gardening action. The start of spring means the time for setting in of perennial plants, trimming the fuchsias and a thousand other little jobs, she explains.

Mrs. Yohn, whose experience is attested to by her eye-catching backyard plot, suggests azaleas, tuberous begonias, rhododendrons, primrose and other bulb plants, as a starter for the gardening fan.

The club president started her garden from a sand pile. She now spends about one day a week working in the yard. "That's about all it takes once you get things going," she pointed out.

The Garden club, an organization in existence here four years now, is a group dedicated to beautifying the area and making the city better, Mrs. Yohn points out.

The club, as an effort for the public's interest, will begin contributing pertinent articles on gardening which will appear soon in this section of THE RECORD.

Barring Weather Changes, Spring Flowers In Season

Barring unforeseen changes in the weather, Spring flowers should really arrive now. The first of the cherry blossoms are now opening, both in the Strybing Arboretum and elsewhere, with the rose-bud cherry, Prunus subhirtella, the first to flower. This usually is grown in the form of a weeping variety, but the Park now grows numerous volunteer seedlings that have a more erect habit. Of the larger-flowered cherries, Prunus yedoensis is also showing color.

The Rhododendron season also is beginning, with some of the earlier varieties in full flower. Of scarlet flowered kinds Rhododendron "Gill's Triumph" is now in bloom. Fragrant, white-flowered Himalayan species and hybrids too are coming in, with the two finest now in bloom being Rhododendron, "Countess of Haddington," having lily-like flower-bells and suitable for forcing, and the newer Rhododendron Fosterianum, the latter a very free-flowering hybrid descended from Rh. Veitchianum.

Magnolia x Veitchii too is still in its full glory and well worth a visit.

Suitable for a shady spot is Kerria japonica var. floreplena, a member of the Rose Family with slender branches that bear double yellow flowers in quantity; this is now new, but well worth a place in

Marigold Family Is Without Peer For Dependability

We think of some flowers as beautiful, some as gay, some as exotic; but for downright earthiness and dependability, where can we find the equal of the marigold family? In the Dwarf Marigolds alone we find a wealth of garden material—all with bright and cheery blooms like sunbeams lighting your garden paths and beds. For bedding set out plants from flats about 4" apart, according to the bedding plant advisory board. For borders double row them on offset rows with about the same spacing. You will have solid

ACTUAL SIZE

masses of color to brighten your garden through most of the summer months. Marigolds are extremely tolerant of soils but do their best in the lighter sandy soils with slight amounts of humus and little or no fertilizer. While they are sun-loving, they can stand up to half-shade. However, they will start to straggle sooner in such shaded locations.

The yellow varieties, such as Yellow Pygmy, Sunny and El Dorado, wear well with the red of Fire Chief and Comanche Petunias or the blues of dwarf and tall Ageratum and the dwarf lobelias. The orange varieties such as Melody and Sunkist are a natural foil for dwarf Blue Ageratum with a foreground border of White Alyssum. In addition there are many fine two-tone and striped varieties as well as several fine reds. Whichever you choose, you will be well rewarded for your efforts for Marigolds are quite resistant to disease and very easy to grow.

Local Girl Is Injured When Car Overturns

Beverly Heagney, 18, of 49 Los Banos avenue, suffered minor injuries Sunday night in an accident on Sharp Park road one-half mile west of Skyline boulevard. She was one of four passengers riding in the vehicle driven by Billy G. Cerna, 22, of San Francisco.

Gardening

IS FUN FOR ALL THE FAMILY

THE RECORD Garden Section

Spring Time Is Garden Time Here--It's Time To Get Busy

IT'S FUN GARDENING, as Mrs. Bernice Yohn of 292 Hillside boulevard will readily attest. Mrs. Yohn, president of the Daly City Garden club, has seen this plot of ground in her back yard grow from a barren sand pile to its present state of floral beauty. A few hours

Colma PTA Wins Award For Year's Program

The Colma PTA has announced it has won an award for the excellence of its year's program.

Mrs. Sanford Vickers, president, was presented with the award at the Seventeenth District's annual convention held in San Carlos on March 19. Mrs. Roy Foster, Colma's program chairman and vice-president, was congratulated on her successful work for the unit.

Final plans are being made for the installation dinner to be held Tuesday evening, April 7, 7 p.m., at Lyle's, El Camino Real and Orange avenue, South San Francisco.

Lake Merced Auxiliary Post Make Final Plans For Joint Installation

Final arrangements for the joint installation of the Lake Merced Auxiliary and Post were made at the last business meeting held in the Broadmoor community center.

Mary Ann Read was appointed chairman of the decorating committee and Stella Magoon was named refreshment chairman.

The public has been cordially invited to attend the event, which will take place April 11 at 8 p.m. at the Colma Community Center. There will be no charge for admission or refreshments.

Cerna's auto went out of control on a downhill curve, crashed head-on into a bank and overturned.

Arboretum Highlights

Many of our flowering plants have been taken over from nature just as they were, but some of the most showy and colorful we owe to the work of the skilled plant-breeder. Among the many such improved plants the brooms have been made much more colorful than their ancestors. Now in bloom in the Strybing Arboretum is the earliest of these colored brooms to flower, this is *Cytisus* x "Geoffrey Sidpith," a hybrid raised in Great Britain, which has *Cytisus multiflorus*, the Portugal Broom, for one parent. Its multitude of small flowers are a combination of bright and pale rose and are excellent for cutting. In fact, the plant is much improved by drastic pruning at or after flowering time.

Several kinds of *Ceanothus* are now in full bloom, with *Ceanothus impressus* and *griseus* the most showy with their masses of deep blue blossoms.

Rhododendrons continue to come into bloom as the season advances. The finest would seem to be a single plant of *Rhododendron Loderi* var. "King George." The variety is rated as one of the best of its type, both in England and here, it has large white flushed rose blossoms in good-sized trusses, and well deserves a little extra care that may be required.

Peppers should be planted double-rowed on raised beds at about 10" intervals. Tomatoes are spaced according to the variety,

MONEY CAN'T BUY VEGETABLES LIKE THOSE GROWN AT HOME

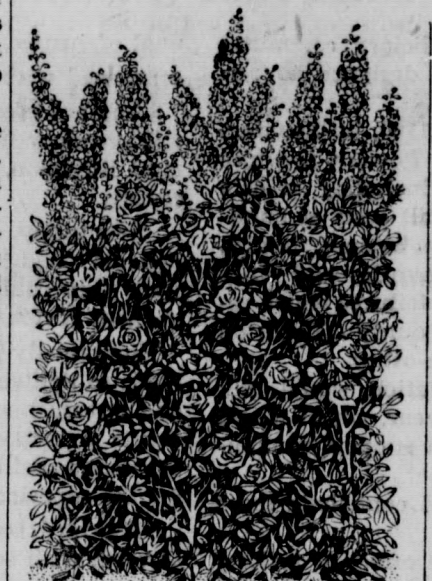

No amount of money can buy vegetables that taste quite as good as those picked vine-fresh from your own garden. And of the many which Daly City home gardeners can grow easily, few will reward you so abundantly for your efforts as tomatoes and peppers.

Now is the time to set out transplants of these prolific money-savers, according to the Bedding Plant Advisory Board. Give both a warm sunny location and spray regularly for aphids. The peppers require regular and somewhat heavy feedings combined with an occasional heavy irrigation. Tomatoes require less attention, although they should receive at least one heavy irrigation monthly for best results.

Peppers should be planted double-rowed on raised beds at about 10" intervals. Tomatoes are spaced according to the variety,

and whether they are to be trained on stakes or allowed to run on the ground. Space them from 4 feet apart for the large-growing varieties on down to about 2 feet for the small pear and cherry types. Where garden space is limited, the added trouble and expense involved in training plants on trellises or stakes is more than repaid. By doing so you can grow astonishing quantities of fruit in a relatively small area.

Setting out the well-finished transplants available at your nursery is much simpler than raising plants from seed. And you have vegetables with that real home-grown taste on the table over a month sooner! Set the plants in to your garden soil with the least possible delay. To provide shade and reduce wilting, set some shingles or broad sticks of wood beside the transplanted plants.

Pacific Hybrid Delphinium (background)

PETUNIA

JAMES SNELL PTA TO HOLD FASHION TEA TOMORROW

For members and friends of the James L. Snell PTA the highlight of the year is the annual Fashion Tea, to be held tomorrow (Saturday) at the Jefferson high school auditorium at 2 p.m.

Wearing their prettiest Spring outfits, the assembly will see the latest fashion forecasts, modeled by unit members with various stores in the area showing their new styles. These stores include Leslie's, Kiddieville, Weitzels, Bernings, Cover Girl, Anita of Stonestown, Minudri Furs, Personality Hat Shoppe and Mode O'Day.

Commentator for the event will be Paul Speegle, noted TV personality, who will describe the clothes in his own inimitable style. Hard-working committee members promise a beautifully decorated hall, and attractive and tasty refreshments, which will be served to all. Tickets are \$1.00 and will be available at the door, or may be obtained from Mrs. Betty Hart, Plaza 5-4188.

Scientists say atmospheric tides caused by the moon's attraction of the air are equivalent to about 1,000,000 atomic bombs.

Farmers are using \$1,000,000, 0 worth of fertilizer as plant nutrients annually to get present production, but experts say ways to use fertilizers more effectively must be found.

Handy Jim's
FIX-UP TIPS
For Farm and Home

Make Posts Last Longer

ILLUSTRATED is a simple and neat technique for applying a wood preservative, such as creosote solution, to fence and porch posts before they are placed into the ground.

Fill a galvanized steel pail about half full of the liquid preservative.

Place the lower end of the post in the pail, so it can absorb some of the preservative around it. The upper portion of the post projecting above the liquid level in the pail can be covered with a paint brush.

Then remove the wet post from the pail and place it on a thick, absorbent pad of old newspapers so that drippings will be confined to a safe area. Wood preservatives are difficult to remove from floors and can damage lawns.

Knowledge is Power

1. ARE YOU A DAY OR A NIGHT PERSONALITY?
2. DOES THE ENGLISH LANGUAGE CHANGE?

(1) There are two basic types of personalities in this respect. The determining factor is the body's temperature. During any one day, reports Jacqueline Berke in *Everywoman's* magazine, your temperature varies from one to three degrees. Your metabolism, the rate at which you convert food into energy, changes with your temperature. You will feel most peppy when your temperature and metabolism are high, least energetic when they are low. She suggests that you make the most of this situation by doing your most important work during the hours when you are alert and efficient.

(2) It is constantly undergoing change, according to Wilfred Funk and Norman Lewis. In their book, "30 Days to a More Powerful Vocabulary," they point out that this year alone 5,000 new words will come into our language. Scholars will have nothing to say about how they shall be pronounced or spelled, or what they mean. They will be pronounced, spelled, and defined pretty much as the public pleases. The dictionary is just a record of what the majority of the people are saying and writing.

Visiting Bethels Gather For Jobs Daughters Fete

Friday night, March 20, Bethel 198, International Order of Job's Daughters, Daly City, held their visiting Bethels night.

The theme of the evening, as selected by Mary Ada Sea, honored queen, was friendship, and it was truly friendship which brought 175 members and parents from Bethels from San Carlos to Oakland to the local Bethel.

Officers stations were taken by members of visiting Bethels as courtesy officers. Members of the choir of Bethel 37, San Francisco, under the direction of Mrs. Dorothea Heuring, sang several beautiful selections.

ful selections.

The regular meeting was followed by entertainment. Annette Thurman did two authentic Scottish dances in colorful costume. Elaine Duckering rendered two violin selections, and Margaret Malone, honorary member, gave a hilarious record pantomime, "Sunday Driving."

After the entertainment refreshments were enjoyed downstairs in the banquet hall during a social hour.

The next meeting of Bethel 198 will be held on Friday, April 3.

Village Notes

By
MRS. MARK SVOERLAND
PLaza 5-4158

Greetings and let's hear some more news of our friends and neighbors.

Sweetwood

Congratulations are in order for the George Whitneys on the birth of Donna Jo who arrived February 28 and tilted the scales at 6 lbs. 15 ozs. Mama and Daddy are two very happy people these days. It's a girl for Mr. and Mrs. John P. Meaney. February 21 was the big day and she weighed 9 lbs. 6 1/2 ozs.

Heather Amans was five years old March 21. Helping her to celebrate at a party were: Linda, Janice and Marjorie Long, Edward Raymond, Linda Nissen, Jimmy Gannon, Michael Garner and Kathy Conn.

Larchmont

To celebrate their sixth wedding anniversary, Dr. and Mrs. Jay C. Hoyt flew to Los Angeles last weekend. Mrs. Hoyt was thrilled over the fact that it took only one hour and 40 minutes to arrive there.

Thornhill

Welcome to Mr. and Mrs. Ed Norris, newcomers to Broadmoor.

Stoneyford

Jean Heinkel is nursing a sprained ankle and we wish her a quick recovery.

Nimitz

Mr. George Fowler of Tuolumne is visiting with his daughter, Mrs. Harvey Zaitz.

Midway

Mr. and Mrs. Fred Heidman of Omaha were weekend guests at Mr. and Mrs. John Travinsky's home. Mrs. Heidman is Mrs. Travinsky's aunt.

Manilla

Mr. and Mrs. John Williams are the parents of a baby boy weighing 7 lbs., 2 ozs. He made his first appearance March 21 and is to be called Jeffrey Scott. It's No. 3 for the Williams.

Bob Nielsen is getting a teasing from his friends. It seems he has appeared as a model on some TV shows recently and I guess they have to tease him about it.

Mr. Taro Andrews celebrated his birthday Sunday, March 22, at a family dinner.

Mr. and Mrs. Sam Roth were host and hostess at a bon voyage party for a friend.

Mr. and Mrs. R. R. Osborn of Chicago were house guests of Mr. and Mrs. Charles Nafe before leaving for Europe in May for the Coronation. Mrs. Osborn is Mr. Nafe's sister.

MacArthur

Mr. and Mrs. Aldo Ragozzino welcomed a daughter March 12. Christeen Rita is her name and she weighed 6 lbs., 5 ozs.

Garden Village

It was a sixth birthday for Trudy Gahn March 7. A party was given in her honor and ten guests were in on the festivities.

Larchmont

Miss Augusta Ziege and Mrs. Marvin Howard went out to dinner last Friday, March 20, and after dinner went to see "John Loves Mary."

Louvaire

Mr. and Mrs. Harold Hatfield of Tulsa, Okla., and daughter, Pam, visited Mr. and Mrs. H. Richardson Monday, March 23.

88th

Mrs. Wm. Kirschbaum left for France March 19 to visit her daughter and husband, Captain and Mrs. Roy Nash and children, Carolyn and Nancy. The Nashes formerly lived on Washington street. At the same time Mrs. Kirschbaum will visit her son, Lt. Wm. Kirschbaum, also with the U. S. Army and will meet her new daughter-in-law, as Bill married a

Women Of Moose To Sing At Lake Merced VFW Installation

THESE LADIES, the choral unit of the Women of the Moose, Chapter 739, will provide vocal entertainment at the installation of Lake Merced Auxiliary No. 9921, V.F.W., to be held April 11 at 8 p.m. The Auxiliary and Post are

holding a joint open installation at the Colma community center. Members of the choral unit shown here are (left to right, front row): Agnes Wally, Frances Wooley, Carmen Murphy, Vivian Lasko, Almo Winn and Viola Pontes;

(back row) Eva Haverlock, Jenny Nash, Gladys Sisco, Clair Kenev, Irene Bittencourt and Jerry Dagley. Not shown is Pianist Melba D'Nofrio. Refreshments and dancing will follow the installation. The public is invited.

Openings in Sewing Class At Jeff High

For those interested in sewing, from either the advanced or beginning stage, class is now being offered Tuesday and Thursday evenings from 7 to 9 p.m. at the Jefferson high school home economics room.

The class, instructed by Mrs. Margaret Griffith, offers comprehensive instruction in all types of sewing, alteration and renovation.

Mrs. Griffith has had six years experience teaching sewing in San Francisco, and, prior to that, taught in Sacramento and Santa Barbara.

The latest in modern sewing facilities are provided at the class, Mrs. Griffith said.

Local Sportswomen Hold Special Meeting

A special meeting of the Daly City Sportswomen will be held today (Friday) at the home of Lee O'Neill, 1044 Gilman drive.

Due to participation in the Huck Finn pool at the sports show the group was unable to hold their regular meeting.

A rummage sale will be held on Thursday, April 16, at 1257 Webster street.

Members have been asked to turn in all their rummage items at tonight's meeting.

The market value of the combined salmon production of Alaska, British Columbia and the Pacific states dropped by more than 30 million dollars in 1952.

Local Girl Scouts Donate Time In Nursing Office

"Do a good turn daily," is the slogan of the Girl Scouts, and the members of Senior Scout Troop No. 4 are putting this slogan into operation.

Every Thursday afternoon two of the girls from the troop donate an hour or so of their time helping in the district nursing office of the San Mateo county department of public health, 7375 Mission street, Daly City.

The nurses from this office give service to the citizens in the northern section of the county from Bayshore City to Millbrae. There is in San Mateo county a combined nursing service—a "keep well service" which is tax supported, and a "get well service" which is sponsored by the Visiting Nursing association. The latter is a Red Feather organization.

The girls do various tasks such as folding towels for sterilization, putting away laundry, typing and filing. They enjoy this volunteer service for their Community.

Those participating are: Judith Brandt, Marguerite Cripps, Drena Guaraldi, Carol Hansen, Barbara McCowan, Carol McInerney, Donna Odell, Margaret Runge, Audrey Stewart, Charlene Taylor and Cheryl Taylor.

The Yenisei river, which rises in Western Mongolia, is approximately 2800 miles long.

Local Youth Finishes Government Course

FORT BLISS, TEXAS—Cpl. Norman Sutter, 1131 Brunswick street, recently completed a course in American government conducted by the U. S. Armed Forces Institute (USAFI).

American servicemen all over the world are enrolled in the more than 300 correspondence courses offered by USAFI, many of which are accepted for high schools or college credit.

The institute is part of the Army's information and education program.

Corporal Sutter is presently assigned to Battery B of the 59th Anti-Aircraft Artillery Automatic Weapons Battalion at Fort Bliss, Texas.

March Has Been A Busy Month For Bayshore PTA

The month of March has been a busy one for the Bayshore PTA. Elections were held at the regular monthly meeting in the Bayshore school.

Mrs. L. V. Ottinger was named again to serve as president.

Others named to office were: Mrs. D. Coloiaro, vice president; Dorothy Fitzgerald, honorary vice president; Mrs. J. Reilly, treasurer; Mrs. W. Liebert, corresponding secretary; Mrs. M. Datzman, financial secretary; Mrs. M. Counts, recording secretary.

The Brownies, under the direction of Mrs. Datzman and Mrs. J. Simpson, presented an Irish dance and song.

Refreshments were served at the close of the meeting by Mrs. J. Pleskach, hospitality chairman.

On March 13 a luncheon was served to all Bayshore teachers by the PTA. Mrs. Ottinger and Mrs. Coloiaro served.

Mrs. B. A. Painchaud, Mrs. G. Robertson, Mrs. Reilly, Mrs. G. Van Horn and Mrs. J. Pleskach helped in the kitchen.

The PTA has extended its thanks to the many persons who helped make their recent spring bazaar a success.

Mrs. P. Cary and Mrs. J. Clements were co-chairmen for this affair.

Six delegates from the PTA attended the recent 17th district convention held in San Carlos. Those making the trip were: Mrs. Ottinger, Mrs. Coloiaro, Mrs. Painchaud, Mrs. M. Counts, Mrs. Robertson and Mrs. Pleskach.

Court St Mary Visits S.M. County Home

Members of Court St. Mary 1135, Catholic Daughters of America, visited the Old Folks home in San Mateo county recently and entertained the old folks with a St. Patrick's party.

In keeping with the theme of the day, an All-Irish program was arranged.

Irish songs were sung by Valetta Ennis and Agatha Heyden. Music numbers by Mrs. Heyden, Mr. and Mrs. Art Boland and Eleanor Northrup were also rendered.

Dancing and violin selections were played by Trudie and Rudolph Roketta, who were accompanied on the piano by their mother, Mrs. Charles Roketta. Rounding out the evening were selections by students from Jean Kelly's dancing studio.

After the entertainment was concluded prizes were awarded to the oldest man and woman residing in the home. A corsage of yellow jonquils was presented to each of the ladies.

The chairman of the evening was Mrs. Richard Ennis. She was assisted by Mrs. Heyden, Mrs. Frank McDermott, Mrs. Eleanor McDougal and Mrs. Clara Scally, members of the court.

Chest X-Ray Survey Slated For April 4-11

The Daly City Chest X-Ray Survey is scheduled for April 4 to April 11.

Objectives of this Survey:

1. To find unknown cases of TB and other chest disorders, including tumors, lung cancer, and certain heart conditions which can be shown by x-ray.

2. To assist in finding treatment for every case found.

3. To obtain information which could serve as a guide in strengthening the continuing tuberculosis control program in San Mateo County.

4. To have the public informed on facts about tuberculosis and related problems.

The Daly City Chest X-Ray Survey is sponsored locally by: San Mateo County Board of Supervisors, San Mateo County Medical Society, San Mateo County TB and Health Association, and San Mateo County Department of Public Health and Welfare.

During 1952, International Nickel, world's largest nickel producer, vigorously continued its search for new deposits of nickel in Canada and elsewhere.

... from Hollywood

STEINBECK BEGINNING TO DATE

The other night I went to see a pot-pourri of films called "O'Henry's Full House," which incidentally I thoroughly enjoyed, especially the Charles Laughton sequence about the old tramp who tried so vainly to get arrested, and as a sort of bonus I got to see how John Steinbeck looked.

Steinbeck acted as the narrator, doing for these five short shorts what Somerset Maugham did for "Trio" and "Quartet," that is, serving as a bridge to give unity to the compilation.

He looked Hale

I can report that Steinbeck looked as hale and hearty as one could reasonably expect of a writer in middle forties. Therefore the realization comes with some surprise that this esteemed writer is an old fuddy-duddy.

Times are changing faster than Mr. Steinbeck and some of his ideas aren't holding up.

Now any such blanket statement as that requires documentation and that is what I'm about to provide.

Last week the exigencies of earning an honest dollar required that I attend a Hollywood revival of Steinbeck's play, "Of Mice and Men," for the purpose of writing a review of same.

Was Pretty Good

It was a pretty good production, as I have said elsewhere, although it suffered by comparison with earlier stage and movie versions.

The actor who played Lennie, John Mooney, wasn't up to the standard of Broderick Crawford in the New York version or Lon Chaney Jr. in the movie. And the chap who played George, fell considerably below the performances of Burgess Meredith or Wallace Ford.

What struck me most about the revival, and that I didn't get around to mentioning in the review, was how dated it seemed.

Although it is only 16 years old, already the play has a nostalgic quality that seems to stretch back to the "good old days" when life was much simpler and pleasanter, though this is patently an illusion since the days of the thirties were neither simple nor pleasanter for many of us.

Ford Directed

Wallace Ford, stage and screen star of long duration, directed the 1953 Hollywood production. It happened that in 1937 I was in

New York and saw Mr. Ford act in the original production of this play. It was a memorable experience. He created the part of George, the cocky, alert, self-reliant ranch hand who is burdened with the care of Lennie, his huge and dim-witted partner.

A year or so later, when the movie came out, I was working my way through college by scribbling profound observations for a daily newspaper in Oregon. I saw the movie and wrote about it. Though at this distance I don't remember what I said beyond the bare fact that I liked it, I do recall that the editor put my story on page one instead of the drama page, an event which pleased me considerably and impressed my journalism instructor so favorably that he gave me a passing grade.

Theme Is Powerful

In 1937 when George and Lennie were reciting their endless dream of acquiring a few acres of their own where they could "live off the fat of the land," this theme of the laborer's desire to be an independent farmer had a powerful appeal.

It was depression time then. People in the audience were conscious of breadlines, unemployment and poverty even though they personally may have been escaping the worst of it. They sympathized with this yearning to flee the noisome cities and get back to the solid verities of the soil.

Now less than two decades later the theme seemed thoroughly outworn, almost as much of an anachronism as Edith Wharton's story of Ethan Frome, the New England farmer who toiled in permanent bondage to his acres.

The reason is, of course, that our country has become more and more industrialized.

Scribbled on Blackboards

Steinbeck has his two homeless, itinerant farm laborers speak of an employment agency named "Murray and Ready's" on San Francisco's skid row, where available jobs were scribbled in chalk on blackboards and unemployed men stood on the curb, rolling cigarettes, smoking and reading the signs, debating the advantages and drawbacks of lumber camps and ranch bunkhouses.

Murray and Ready's agency still exists on Howard street and the throng of male derelicts still congregates around the scribbled

Mateo Frosh-Sophs Take Jeff Nine 3-1

San Mateo high school's frosh-soph baseball team nabbed three runs on three consecutive hits in the first frame, to beat the Indians 3-1 in a practice game.

The game was called at the end of the fifth inning because of rain. The Jeff's only run came in the fourth inning.

Mateo pitcher Reg Christmas had a two hitter working until the game was called.

Jeffs Take 10-0 Lead; But Game Called By Rain

The Jeff Indians had a 10-0 lead over San Francisco State's junior varsity nine until the game was called by rain in the fourth inning Tuesday.

The Jeffs nabbed 4 runs in the second frame, 4 in the third inning and two in the fourth. Don Delbon and Vic Irons were the big guns for the locals, each driving in a pair of runs. Larry Blanchard got the only extra base hit—a double.

Jeff pitcher, Lowell Creighton allowed only two hits until the game was called.

RAYMOND J. DABA, San Mateo Attorney, who recently was elected Exalted Ruler of San Mateo Lodge No. 1112, B.P.O. Elks, Daba will be installed at an elaborate ceremony on Wednesday, April 1. He succeeds Daniel J. Creedon, state assemblyman. The San Mateo Lodge has a membership of 1500 in San Mateo county.

THINK OF THESE FACTS

An automobile traveling at sixty miles per hour strikes with the same impact as it would if driven off the top of a nine-story building, reports the National Automobile Club. And an automobile traveling at this pace requires, under average conditions, a distance of two hundred and forty-two feet to come to a full stop. Think of these facts before you "step on the gas."

NEW MEXICO

Less than fifty years after the sailing of Columbus, according to the National Automobile Club, Spanish soldiers were riding up the valleys of New Mexico, bearing European metals, ideas, language, and religion.

signs. But most of them smoke tailor-made cigarettes instead of rolling their own. And the nature of the jobs has changed too and with that the nature of the dreams of the men who read the signs.

Dreams More Complex

Those dreams have become more complex. They are tinged with the mechanization of the society on whose fringes they exist. A few acres of ground, a shack to live in, a few chickens, pigs, rabbits and maybe a cow aren't enough nowadays. Lennie and George would have to pay taxes for public services, whether or not they used the services, so they would have to produce a surplus above their minimum needs.

To produce the surplus they would need water and power and these cost money too. They would be forced into efficiency and efficiency nowadays means the use of machinery. That would mean more money, probably bank loans and interest to pay.

Soon Lennie and George would be caught up in a compulsive circle. In order to secure freedom, which is to say leisure, they would be forced to hire other Georges and Lennies to work for them, to keep the machines going, to pay taxes and interest.

All these dark thoughts flashed through my mind as I was watching the Steinbeck revival and I couldn't help feeling a little irked at Mr. Steinbeck, though obviously it's not his fault.

The economy of mice has not changed very much that I know of. And certainly the basic drives and emotions of men remain the same.

Poor old George and Lennie never did get that place of their own to live off the fat of the land. And the odds are stacked against our doing it either.

FIRE FIGHTERS' FACTS

By Mel Hanson
Fire Prevention Bureau

A letter was received by the Daly City fire department on February 25, 1953, from Mr. A. R. Edinger and Mr. A. B. Eikenberry. This letter was in the form of a request for leadership of Pack 63. Pack 63 has five packs of seven boys each. This pack is in full operation with the exception of leadership. The two leaders that were connected with the pack were unable to continue their leadership because of circumstances beyond their control. Now the pack is in great need for new leaders.

The Daly City fire department is unable to supply leadership for the pack at this time, so we are requesting any man that is interested in becoming a leader in Pack 63 please contact Mr. Edinger, 87 San Pedro avenue, PLaza 5-6768, Mr. A. B. Eikenberry, 281 Hillcrest drive, PLaza 5-4687, or Chief J. E. Kennedy, 499 Santa Barbara avenue, PLaza 5-1539.

Never Too Late
Robert F. Hamm, director, firemen training, Indiana rating bureau, reports that a man was enrolled in a fire department in that state after his death. The North Madison fire department was in process of being reorganized and membership was being solicited. Plans called for the building of a new fire station and the purchase of some equipment. A man in the community agreed to give a suitable site for the station, free of all charges.

At the time he volunteered to donate the ground he also expressed a desire to become a member of the department. He died just three days prior to the time of the organizational meeting. His widow sent word that she would fulfill his wish and the ground would be donated. The fire department members then placed the man's name on the rolls as a member and then marked it as deceased. His name will lead the roll of deceased members of the department.

Chiefs' Drill

The Chiefs' Drill last Thursday evening was considered a success. Companies two and six drilled at the Pacific Coast Aggregates building on Railroad avenue, and companies one and four drilled on the Sproule Rietz building on Mission street. After the drill all of the companies gathered at Company No. 2 fire house for a "crab feed."

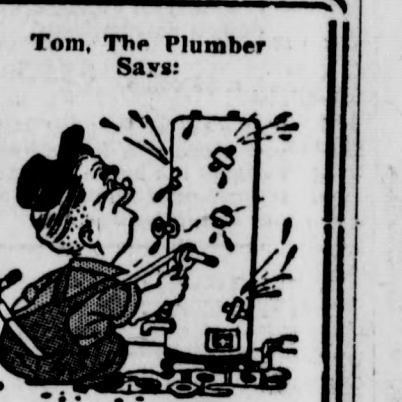

Chief J. E. Kennedy, assistant chief A. J. Bodien, battalion chief L. Kennedy waited on the tables. A good time was had by all.

Things To Come

The Widows' and Orphans association of the Daly City fire department will hold their annual ball May 9 at the community center.

Tamworth hogs, which originated in Ireland and were once known as Irish Grazers, are direct descendants of the European wild hog.

California's nonprofit fairs are principally supported by taxes on the state supervised horse racing and wagering industry.

Tom, The Plumber Says:

YOUR NEIGHBORS AND MINE

By Betty Brush

HELLO NEIGHBORS

Another week—another column. Seems there is no end to the happenings in this town of ours. Well, here goes. There was a bang-up party in town last week. Seems that Co. 1 Fire Department had their annual St. Patrick's get-together. There was a three-piece orchestra, refreshments of all kinds, and a good time was had by all those fortunate enough to attend. Just ask those who were there if they would like to go again this week—they'll start getting ready in a hurry—that's for sure.

One birthday in the family on a single day should be enough—but MRS. EAGEN of Los Olivos has a double session. BRUCE and BRIAN EAGEN, the irrepressible twins of Los Olivos avenue, were nine years old last week. They celebrated their birthday with the usual gathering of friends, cake, ice cream and the good wishes of all the neighbors who have known them for a long time.

Congratulations

Next Saturday, March 28th, there will be a wedding of a Daly City boy. GORDON CADDY, the son of the V. A. CADDY of Natick avenue, will bestow his name upon ELLEN LYTZER. The wedding will take place at the home of the groom with the REV. MARTIN of Broadmoor Lutheran church officiating.

Gordon is a graduate of Jefferson high, a veteran of four years in the Navy, and is going to return to college where he will study diesel engineering. Miss Lytzer is from Michigan and is employed by Pan American Air Lines in San Francisco.

After a honeymoon in Honolulu at the Edgewater Honeymoon Cottage the young couple will make their home in San Francisco until the time that Mr. Caddy enrolls at college in Los Angeles. The best of happiness to you, kids.

This is one for the books! I just write the news. Nevertheless a telegram arrived at the home of Mr. and Mrs. Albert Brush of Los Banos avenue on Sunday of this week. I would like to announce the marriage of my son, JAMES BRUSH, A/3c, USAF, to ALLEEN HIGBE of Santa Cruz. The wedding took place in Amarillo, Texas, last Saturday night and was a full military wedding. The young couple will stay in Amarillo where the groom is stationed until June when they will be back in Daly City on furlough. Alleen is a graduate of Santa Cruz High and Jim is well known in "our town" where he was born. All the best wishes, kids, on your marriage.

Over The Phone

Heard from the mothers of OLPH school this week. Seems like it is time for the annual fashion show and luncheon to be with us again. I have attended this affair many times in the past and if there is a woman who doesn't like to look at clothes and have a good lunch at the same time, plus entertainment that will go with it—I would like to meet her.

These affairs are really fun. The best way to do it is to get up a party of your friends and make up a table. This year there will be something different. The MOTHERS will be the models, and the children will model with them. What has a Powers model got that the Mothers of OLPH haven't? As commentators they are going to have MRS. ISABELLE LIBERTI. Need I say more? There will be more news on this later.

PAT and JACK BYRNES have moved into their new home this week. Jack is the son of the late MRS. ELINOR BYRNES and Pat is the daughter of the GEORGE McCLOUDS. Their home is located in the Sunshine Village subdivision of outer Daly City and they will be at home soon to all their many friends.

Our Boys

Welcome home to a Daly City boy who has been gone for a long time: CPL. WM. DRURY is home on a well-earned furlough. Bill is in the U. S. Army and stationed at Fort Devens, Massachusetts. He arrived home last Tuesday and by the time you neighbors read this, he will be on his way back to his Base. Bill grew up here and is well known to all the young folks. Here is a hearty welcome from all his friends and neighbors and let's hope we see him home for good in the very near future.

What is your picture of an average Daly City Boy? Hot dogs—devil-may-care attitude—not a serious thought in his head? What if anything, do you know of a presidential citation? Do you know what it means—what it takes to get one, let alone one with two oak leaf clusters?

Well, neighbors, an average Daly City boy who grew up in your town and mine wears just such a decoration. As usual, the story behind this decoration was a long time in the making. Seems PFC. ROBERT E. STONE not only saved the life of his buddy who was on fire and took him to the aid station, but he was in on a patrol

that saved the lives of several of his unit while fighting on Heartbreak Hill one year ago in Korea. There are lots of these stories, neighbors, and what better way to thank the boys who make them than as Bob says, "Give your pint of blood—God knows it's needed." Bob should know—HE WAS THERE.

Apprentice Seaman WM. A. BEECHER, the son of the WILLIAM BEECHERS of Santa Barbara was home on leave the last weekend. Bill is stationed at Oakland Naval Depot but is liable to be changed in the near future. Let's hope he doesn't get sent too far away.

Vital Statistics

MRS. JUNE LEONE, who is well known around town, has been very ill for the past few weeks. Seems the flu bug got a good hold of June and she not only had to put up with the flu, but also pneumonia. All her many friends wish her a speedy recovery and hope to see her around again soon.

Home from the hospital last week was MR. FRANK KOSKINEN, who was injured in an accident a week ago. Mr. Koskinen is up and about but it will be three months or more before he has the cast off of his leg and then some time before he is able to return to work. Take it easy, Frank, all the best wishes of your neighbors and mine are with you for a speedy recovery.

The sympathies of your neighbors are extended this week to MR. AND MRS. POWELL of Brunswick street on the death of their infant daughter, DEBBIE POWELL, who passed away Saturday of last week after a short illness.

Last Minute Returns

MRS. LEO CORTESE of South San Francisco, held a bridal shower for her niece, MISS NANCY BANFIELD, the daughter of the A. E. BANFIELD of Second avenue, Daly City, last week.

Nancy is engaged to JOE MONTGOMERY, who is a sergeant in the U. S. Marine Corps.

The young couple plan an April wedding at the Lutheran church of Alemany boulevard, but these plans will have to coincide with the wishes of Uncle Sam. Nancy is well known in Daly City, having lived here all her life and she is now employed by the Pacific Mutual Insurance Co. All the best wishes for the future happiness of this young couple is wished by all her friends and also your neighbors and mine.

Hillcrest Circle No. 143, UAOD, held one of their monthly whists last Monday night. The ladies in charge were MRS. ELEANOR CAMERON, formerly of "our town," and MRS. GRACE ANDERSON of Knowles avenue. Those ladies who like to play whist should come out on the fourth Monday night of each month as a good time is had by all who attend. Make it a habit, ladies, to come and meet your friends at the Masonic Hall once a month at the Druid's Whists.

The people of Knowles avenue were startled last week by the goings on of men with gadgets, poles, lines, etc. The surveyors were at work. We don't know how soon or just when, but one of these days fences will come down, houses will be moved back and the street will be widened. This we will believe when we see it. It will be a good idea as the traffic on this street is of a proportion to fill a boulevard and not a quiet street in a

Young Colma Mother, Post Polio Case, Tells Of Red Cross Aid

MRS. DAVID HATFIELD of 475 D street, Colma, a post polio case, is ready to leave with Red Cross motor service driver, Mrs. John T.

Raisin, on one of her tri-weekly visits to a San Mateo doctor for physiotherapy treatments. She pauses to tell Dan Anderson, Red

Cross fund chairman for the Daly City-Colma area, why she likes the Red Cross. (See story.)

—THE RECORD Photo

"I NEEDED AID"

Red Cross Brings Help To Polio Victim

By Julie Grigg

"It's too bad that everybody doesn't realize how wonderful the Red Cross is," said twenty-year-old Patricia (Mrs. David) Hatfield of 475 D street in Colma. "And I used to be like that myself, until I needed help and the Red Cross was there. Now I have seen how they go quietly about their business of helping others and I want everyone else to know about it."

The first of last October, dread polio struck down Patricia Hatfield. She was rushed to Community hospital, leaving her young husband and four months old daughter Patty behind in their pretty little home on top of a residential district. It has been rumored for some time that this project is to be underway "at any time," but only time itself will tell.

The students of Jefferson high school held their "Spring Dance" last Friday night and it was enjoyed by all those who attended. There were some who were unfortunate not to have bought their tickets before hand and were disappointed when they found out that no tickets were sold at the door. Get your tickets early next time, kids.

Well neighbors—that does it for this week. Keep the news coming and let's see what happens next week. Remember the phone is PL. 5-6482 and I'll be glad to take any and all stories of interest to "Your Neighbors and Mine."

Colma hill. For days she hovered between life and death. She couldn't swallow and for the entire two months of her stay at the hospital, she had to be fed intravenously and by tube.

Then came the period of recuperation. Patricia went home but spent the next six weeks in a wheel chair. In order to be able to talk again and to swallow, she must have physiotherapy treatments three times a week. But how could she get from her home in Colma to the doctor's office in San Mateo?

Her young husband could not afford to take time off from his job in San Francisco where he works as a mechanic repairing motorcycles for the police force. This is where the Red Cross came in. For the last four months, through arrangements made by the Home Service department, Motor Service has driven Mrs. Hatfield to and from the doctor's office three times a week.

"If it weren't for the Red Cross giving such wonderful service with its volunteer drivers," Patricia remarked, "I just wouldn't be able to get well. I'm grateful to the Polio Foundation, too, because they helped with my hospital bills and are paying half of my doctor bills for the treatments."

Patricia is progressing marvelously well. She can walk and talk almost normally now. She has to be very careful when she

eats, though, not to choke, because she cannot cough. The doctor hopes this will clear up in time.

Pack 62 Members Are Awarded Bear Badges At Meeting

Pack 62 held its meeting Wednesday, March 18, at Bellevue hall and Bear badges were awarded to Ronnie Delfino, Robert Burns, Jerry Wells and Sabin Eastman.

The pack picnic was planned to be held June 21 at Flood park.

A skating party and swimming party were also scheduled.

There are new members coming in every meeting and the pack hopes that they will bring a few future den mothers with them. The den mothers are badly needed, according to the scout leaders. Any mother wishing to take a den should call PL. 5-1663.

Meeting nights have been changed to the first Wednesday of the month at 8 o'clock for the parents. The pack meets the second Friday of the month, also at 8.

The parents' meeting for April will be combined with the pack meeting on the second Friday, April 10, because of the scheduled skating party.

Patricia is allowed to care for the baby now, but she still is not permitted to do any housework. This means a long day for young husband David, but he cheerfully washes dishes, diapers, dusts and digs in the garden, for he knows that in doing these chores, he too, is helping Patricia to recover. She did help a little in the garden, which she loves. When David dug holes for the sweet peas, Patricia dropped the seeds in! "They're so-o-o high now," she smiled, measuring a half inch between her thumb and forefinger.

Pretty Mrs. Hatfield hopes to be entirely well by the time their second baby arrives about six months from now.

Puerto Rico, fourth largest island in the Caribbean Sea, contains 2435 square miles.

Mrs. A. J. Gaggero Named President Of Hillside PTA For Coming Year

The Hillside PTA held their election of officers at the last meeting at the Colma school.

Mrs. A. J. Gaggero was elected to be the new president for the coming PTA year. She is the wife of the mayor and mother of three children. The unit expressed its pleasure in obtaining Mrs. Gaggero as their leader and said they felt they would have a successful year to look forward to.

The officers elected, in addition, include: Mrs. Charles Hansen, vice-president; Miss M. Tobias, honorary vice president; Mrs. Eugene Turney, secretary; Mrs. James Haracek, treasurer; Mrs. Harold Riley, financial secretary; Mr. Don Pagan, auditor; Mrs. F. O. Klassen, historian. The installation of these officers will be held April 15th at the Colma school.

A panel discussion was held by some of the pupils from Mrs. Diantha Brannen's room. The moderator was Raymond Navarro and the cast of the panel were: Gary Gardner, Amelia Caimo, Geraldine Lough, Fay Opperman, Jack Klingler, Edyth Gindry and Dennis Allan. "Through the panel discussion the parent and the child learned to understand each other more fully," the PTA said.

A socio-drama was given by Mrs. Louise Plumb's class. They included Arthur Elkenberry, Billie Jo Kollmann, Dennis Ritchison, Stephen Mack, Carl Mecchi, Michael Donham, Loretta Berg, Beverly Cahn, Diane Borgersen, Anne Cheatham, Johanna Hedvall, Ronald Jones, Delores Powell and Gary Atteberry. A lesson on courtesy was shown in different forms.

The unit awarded certificates to the students who were winners in the recent Lincoln Essay. Miss Florence Vorducci was the winner and Rickey Dickinson and Sandra Vozzo received honorable mention. The hostesses for the evening were Mrs. Wm. Spry, Mrs. Joan

Tomlinson and Mrs. Chester Mattison.

Girl Scouts Choose 1953 Encampment Representative

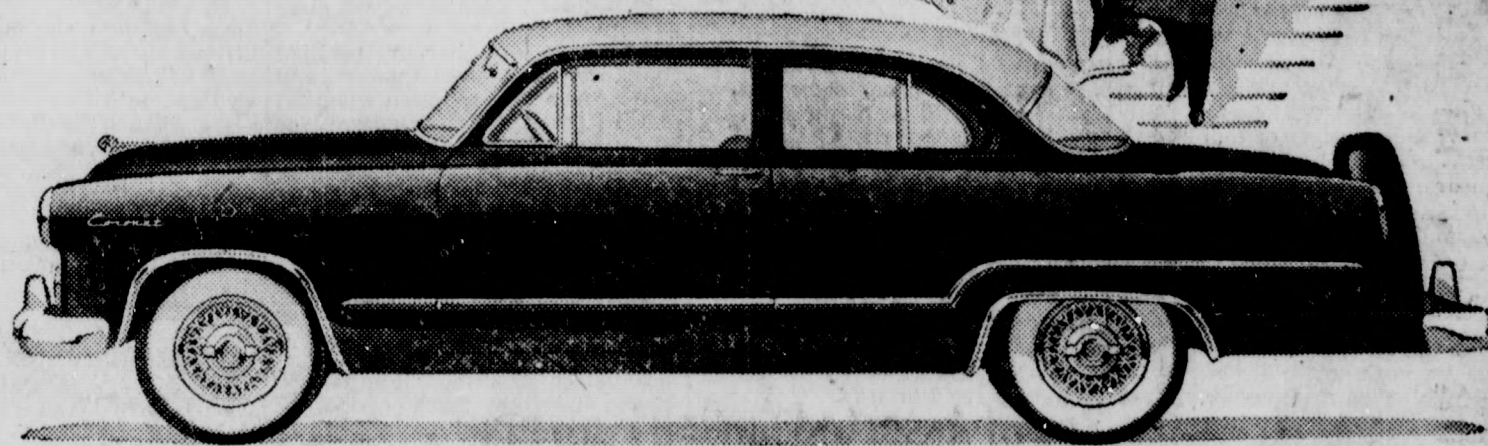

The Senior Girl Scouts of Northern San Mateo county will be represented at the 1953 All-States Encampment by Nancy Maynard of Millbrae, it was announced Monday by Mrs. Frank Burke, council president. Miss Maynard will be one of four representatives from California at the event, which will be held next August at the Buffalo Bill Youth Camp near Cody, Wyoming. Campers will come from every state in the union.

Official notification of Nancy's acceptance was received from Girl Scout National Headquarters in New York City which holds the encampment. In selecting Nancy for the encampment, much consideration was given to her skill and knowledge of camping techniques as well as her qualities of leadership, knowledge of Girl Scouting and ability to represent the local communities.

Nancy is one of 38 Senior Scouts in Northern San Mateo county and has been an active scout since 1942. She is President of Troop No. 89 at Capuchino high school where she is a junior this year. During her years in scouting, Nancy has taken special Program Aide training and has been a camper at Northern San Mateo county's local Girl Scout Camp Wasibo for the past six summers. Outside of Girl Scouting, she has been active in Capuchino High School and church activities.

Nancy is the daughter of Mr. and Mrs. Richard P. Maynard of Millbrae.

CONGRESSMAN YOUNGER REPORTS ON ACTIVITIES IN WASHINGTON

The passage of the statehood bill for Hawaii in the House furnished the first real contest of this session based more or less on political lines. The debate lasted for approximately two afternoons and at times grew quite heated.

The policy of the Democrats was to amend the bill as much as possible and then recommit it to the Interior and Insular Affairs Committee with the idea that both the Hawaiian and Alaskan statehood bills would come out at the same time or in a combination bill. Only one amendment was approved which was of real consequence, and that one reduced the number of Congressmen from the new state from two to one.

Turning Point
According to the population of the Islands and the recommendation of the Census Bureau based upon the present method of districting for the Congress, the Hawaiian Islands were entitled to two Congressmen. However, on the other vote the reduction was passed 188 to 134. This indicated in a way that the measure itself might be defeated on roll call. However, I think the turning point came when former Speaker Rayburn of Texas took the floor and made the statement that he was going to vote for recommitment with the understanding that statehood bills for both the Hawaiian Islands and Alaska would be brought forth, and he stated definitely that he would vote against both bills.

This left the Democrats who were for both bills without an adequate reason for recommitting, when their party leader made the statement that he would vote against Alaskan statehood. On the vote to recommit the motion was lost 227 to 182 and pretty much on party lines, although some of the Congressmen from the Atlantic and Mid-Western states voted to recommit because they are fearful of losing more Congressmen in the redistricting, should the Hawaiian Islands be admitted. The final vote on admission was 274 to 138. I voted for statehood and against recommitting.

A Big Problem
One of the big problems before the Administration is to get the appointive power over positions which are of a policy making nature. "As has so aptly been said, 'You cannot fight a war using the other man's soldiers.'" This was very forcibly illustrated when Mrs. Oveta Culp Hobby, Administrator of the Federal Security Agency appeared before our Interstate and Foreign Commerce Committee. Of the 37,000 employees in her agency, she can appoint only one, her secretary. There are three presidential appointments in the agency. Hundreds of policy making positions are at the present time frozen by so-called civil service regulations.

I am sure that when the people voted last November for a change in the administration, they meant to give to the administration the ability to put into effect its policies, and I am sure that some way will have to be found by the administration to gain control of all positions in the government which are on a policy-making level.

On March 5th I had the pleasure of attending the Press Club luncheon given for Anthony Eden and the British Chancellor of the Exchequer, Mr. Richard A. Butler. It was the first time that I have had the pleasure of hearing either of these gentlemen, and I must say that the British Commonwealth of Nations sent to this country a pair of excellent salesmen.

First Time In Life
For the first time in my life, I have an automobile license number which I can remember. I am not sure that everyone knows that

The State of California has a special series of license numbers for its Congressmen. They are numbered from one to thirty for the Congressional districts and are preceded by the letter "C." So anytime that you see a license C-9 on the road, you will know that it is the Congressman from the 9th District of California.

One of the surprises that I have encountered in this work was in connection with the appointments to the Military and Naval Academies. It would have been my guess that we would have had far more applicants for the Naval Academy than for the Military Academy; such was not the case. There were 10 who took the preliminary examination for the Military Academy, and we had only four applicants for the Naval Academy. The names of the appointments to the Military Academy were given in my last report.

NOTICE OF SHERIFF'S SALE

By virtue of an execution, issued out of the Municipal Court of the City and County of San Francisco, State of California, and dated the 6th day of February, A.D. 1953, in an action in which the Plaintiff, ANTONIO MELODIA, on the 15th day of December, A.D. 1952, recovered judgment against PETER THOMAS MELODIA, Defendant, for Three thousand two hundred and thirty-three and 30/100 Dollars, legal money of the United States of America, and costs of suit.

I have levied upon property described as follows, to-wit: That certain real property situated in the City of San Francisco, County of San Mateo, State of California, described as follows, to-wit: BEGINNING at a point on the Northeastern line of Wilson Street, distant thereon 130 feet southeasterly from the southeastern line of San Jose Avenue, as widened, by that certain Deed from Lillie I. George, et al, to the State of California, dated July 30, 1939, and recorded September 3, 1939, in Liber 709 of Official Records of San Mateo County at page 154; thence southeasterly along said line of Wilson Street 25 feet; thence northeasterly and parallel with said line of San Jose Avenue 100 feet; thence northeasterly and parallel with said line of Wilson Street 25 feet; and thence southeasterly and parallel with said line of San Jose Avenue 100 feet to the point of beginning.

BEING the southeastern 10 feet of lot 400 and the northwestern 15 feet of lot 401, as shown upon that certain map entitled "MAP OF THE MISTION ST. EXTENSION HOME-STEAD ASSOCIATION," which map was filed in the office of the Recorder of San Mateo County, State of California on September 3, 1972, in Liber "D" of Maps at page 49 and a copy entered in Liber 1 of Maps at page 12, and standing on the records of said County in the name of PETER THOMAS MELODIA.

Notice is hereby given, that on Tuesday, the 28th day of April, A.D. 1953, at 10:05 o'clock A.M., at the main entrance of the County Court House, in the City of Redwood City, in the County of San Mateo, State of California, I will sell all the right, title and interest of said PETER THOMAS MELODIA in and to the above described property at PUBLIC AUCTION, for cash in legal money of the United States, to the highest and best bidder, to satisfy said Execution and all costs.

Dated at Redwood City, this 23rd day of March, A.D. 1953.
EARL B. WHITMORE
Sheriff of the County of San Mateo, Calif.
By E. F. CERQUI,
Chief Civil Deputy.

Appointments
The Naval Academy appointments are as follows: Principal, Donald R. Jahn of Millbrae; First Alternate, James Warren Walsh of Belmont; Principal, Lynden Ballou of San Bruno; First Alternate, Paul Malcewicz of Colma. These young men will take the competitive examination on March 26th.

On Thursday, March 12th, Chairman Reed of the Ways and Means Committee made a thirty-five minute explanation before the House of his resolution for the reduction of the income tax. He made a very forceful and convincing argument that the reduction of the present tax would actually bring in more revenue to the government due to the fact that the present tax is so high that it has reached the point of diminishing returns. He is following the same principle announced by Andrew Mellon when he was Secretary of the Treasury and which theory actually worked in practice. I am still hopeful that the budget will be balanced and the tax reductions can be had for the next year.

SUMMONS

No. 59335
Action brought in the Superior Court of the State of California in and for the County of San Mateo, and the complaint filed in the office of the clerk of said County, IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

ANNIE C. EAKIN, Plaintiff, vs. PERRIE E. DUHAIN, LILLIAN D. EMBODY, LILLIAN D. ZIEGEL, the heirs and devisees of PERRIE E. DUHAIN, LILLIAN D. EMBODY and LILLIAN D. ZIEGEL, THE STATE OF CALIFORNIA, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title.

Defendants, THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: PERRIE E. DUHAIN, LILLIAN D. EMBODY, LILLIAN D. ZIEGEL, the heirs and devisees of PERRIE E. DUHAIN, LILLIAN D. EMBODY and LILLIAN D. ZIEGEL, THE STATE OF CALIFORNIA, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after service on you of this summons—if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that, unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon the complaint, or will apply to the Court for any other relief demanded in the complaint.

The object of this action is to make said defendants above mentioned set forth the nature of their claims or claim to the said real property in said complaint, and hereinafter described if any they have, and that such claims or claim be adjudged to be without right, and that it be determined that said defendants, and each of them, have or has no right, title, estate, lien or interest in said property, and that plaintiffs' title to said real property, and the whole thereof, be quieted against each and all of said defendants, known and unknown.

The said real property consisting of all that certain piece and parcel of real property lying and being in the County of San Mateo, State of California, more particularly described as follows, to-wit: All that real property in the County of San Mateo, State of California, described as follows: Lot 5 in Block 8 and Lots 12, 13, 14 and 15 in Block 36 as shown on that certain map entitled "Revised Map Salada Beach, San Mateo Co., Cal." filed in the office of the County Recorder of San Mateo County on August 5, 1907, in Book 5 of Maps at page 20.

WITNESS MY HAND AND THE SEAL OF THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO THIS 18th DAY OF SEPTEMBER, 1952.

MODERN PARKING SCHEME
Architectural experts predict that downtown buildings of the future will be designed so that motorists can drive up ramps on each floor to storage garages. This may be a welcome parking development, but meanwhile don't make traffic congestion worse by double parking. It is not only a dog-in-the-manger practice that stalls traffic, says the California State Automobile Association, but it also tends to cause accidents when others attempt to drive around your vehicle.

Our recent visitors from San Mateo county have included John D. McPherson of Redwood City, A. S. Morton, Alvin W. Johnson, and Mr. and Mrs. Fred Pruter of San Mateo; Mr. and Mrs. Joe Coenenberg of Burlingame, Col. W. A. Wingate of Millbrae; and Mr. and Mrs. Peter J. McCullough of San Bruno.

DARKNESS IS DANGEROUS
Darkness makes it more difficult for motorists to drive safely, and especially more difficult for them to see pedestrians. The California State Automobile Association cautions motorists to remember this and to cross streets only when the signals give them the right of way. It is also helpful at night to carry a light when crossing a street or highway and to wear something white.

HILLTOP CAB STILL LEADS KEG LEAGUE; LOCAL LIONS NOW HOLD DOWN SECOND

Hilltop Cab stayed on top of the heap this week in the Daly City-Colma bowling league as they smothered the cellar-dwelling Brisbane Lions for three-straight games.

Not far behind are the Daly City-Colma Lions, now in undisputed second place after defeating Paul's Flowers two out of three in this week's play.

Timossi Motors, who were tied for second with the Lions, moved into third after a couple of setbacks at the hands of Kirchhubs.

Central Club remained in fourth place, though losing two to Pearson & Rector.

Hilltop Cab dominated team efforts for the evening, bowling a 922 game and 2702 series to claim high honors in both departments.

Paul Bruch, another Hilltopper, claimed high individual series with 559 pins, while Del Fehl, who wears the Central Club colors, hit 238 for high individual performance of the evening.

THE OUTDOORS

Mackerel Landings
SAN FRANCISCO — Pacific mackerel landings at California ports during 1952 totaled 9,253 tons to make the poorest season in the fishery's history, the State Department of Fish and Game reports.

Last year's total catch was less than one-fourth of the 1951 bag of approximately 45,000 tons, a "gr d" year by recent standards in the widely fluctuating fishery. About 16,000 tons were landed in 1950.

Part of the slack was taken up by increased fishing for the jack mackerel, accepted by many processors as a "Hobson's choice" substitute. A total of 73,625 tons was landed in 1952, compared to about 45,000 tons in 1951.

The peak year for Pacific was 1935 when 74,000 were landed. Since, the fishery has fluctuated downward to last season's "barrel scraping."

Anchovies amounted to 26,888 tons—highest catch on record—almost three times the previous record of 9400 tons in 1947.

Award Scholarships
ARCATA—Wildlife scholarships of \$100 each have been awarded to two Humboldt State College students by the Bella Vista Rod and Gun Club, club president Luther Hunt has announced.

The students selected are James Yoakum, who is majoring in wildlife conservation, and Carl Gibbs, fisheries major.

Backdating Costs
STOCKTON — Backdating an angling license recently cost Pete Rishwain, Stockton liquor dealer, \$150 and liquidation of his State fish and game license selling permit.

The incident began with the arrest of Robert and Edison Erion by Warden William Bradford. Edison admitted he had no license and later paid a \$10 fine for the violation. Robert Erion, however, reportedly told Bradford he had left his license at home and would produce it later.

Robert then visited Rishwain and allegedly asked him to backdate a license. Rishwain agreed. When Warden Bradford in checking the license found it out of order he cited both Robert Erion and Rishwain.

Judge Hugh Tye levied the fine on Rishwain and also fined Erion \$50 and revoked the illegally backdated license. The Department of Fish and Game followed through by revoking Rishwain's license selling permit.

Mule Deer Succumb
SALT LAKE CITY—More mule deer from Utah's Cache herd have succumbed to malnutrition than the number of antlerless deer harvested there during authorized hunting seasons over the past 33 years, according to the Wildlife Management Institute.

TV BOXING ROUNDUP

FRIDAY—A 12-round middleweight scrap at Madison Square Garden between Paddy Young and Eddie Durando. KRON-TV, 7 p.m.

SATURDAY—Veterans leather thrower Ike Williams tangles with Vic Cardell in a lightweight battle at Philadelphia. 10 rounds. KGO-TV, 6 p.m.

WEDNESDAY—Former world's heavyweight king Ezzard Charles meets Rex Layne at San Francisco Winterland. This fight was originally scheduled as a "no-show" on northern California TV screens but indications are that, due to the insistence of the beer firm sponsoring the telecast, the San Francisco area will not be blacked out. If the sponsor's wishes prevail, the bout will be seen on KPIX at 7 p.m.

ADVANTAGES OF X-RAY ARE TOLD

San Mateo county is at present engaged in a community-wide chest x-ray campaign to find every unknown case of tuberculosis. The majority of cases will be found among apparently healthy people before the disease has done serious damage. By finding them and getting them under treatment immediately we will help to check the spread of TB. These people who might otherwise have suffered long, crippling illness at great expense to themselves and to the community can count upon taking up normal lives after treatment without fear of becoming a burden to society.

Tuberculosis is costing us too much. We cannot estimate the price of a life lost or a human being wasted by disease so that he can no longer support himself and contribute to the wealth and welfare of the community. We can figure the loss of wages, the cost of medical care, of paying compensation, pensions, and welfare to patients' families.

The cost of one case of tuberculosis is estimated at between \$14,000 and \$15,000. This includes cost of medical care, compensation, loss of wages, pensions, and relief payments to patients' families.

Tuberculosis is an insidious as well as an expensive enemy. It creeps up on its victims without warning. There are no outward, visible signs during its early stage. But we are not powerless against tuberculosis. Among our many dependable weapons the x-ray is outstanding. A chest x-ray can "see" tuberculosis in the early stage when it is easiest and least costly to cure.

We cannot achieve these results without 100 per cent cooperation. It takes only a few minutes to have a chest x-ray. Only a few minutes of time spent by every citizen to save thousands.

Is it a bargain?

The trend toward push-button housekeeping will increase during the next 10 years, according to the research department of a Midwest manufacturer. The company foresees automatic control of windows, doors, lights, radio and television sets, as well as heating and air conditioning.

Pistol Men Will Shoot For This Trophy

TO THE VICTOR belong the "spoils" and so it goes with the newly formed San Mateo County Sheriff's and Police Pistol team. County police departments will shoot for the above trophy, and the leading team will keep the trophy on hand and, it claimed by one team three times, will be given perpetually to that group. The above trophy and the perpetual one were purchased by Ray Otoboni of Colma, a veteran marksman who was instrumental in starting the organization. Police teams and their chiefs who belong to the county group at present are: Daly City, Roland Petrocchi; San Bruno, William Maher; Redwood City, L. D. Wood; Millbrae, Louey Pickett; San Carlos, G. Seely, Colma, Joseph Ryan; San Mateo, Martin McDonnell; Burlingame, R. C. Theurer; Belmont, James Lyall; Atherton, Leroy Hubbard; South San Francisco, Louis Belloni; Menlo Park, George Potter; Broadmoor, Ray Savage; Hillsborough, W. J. Wisnonski; and county sheriff's office, Earl B. Whitmore, sheriff.

Jeff Cage Teams In County Tournament

Two teams from Jefferson high have been entered in this week-end's county teen-age basketball tournament to be held Sunday, Monday and Tuesday at Burgess gym.

The two aggregations, both sponsored by Ralph's Cleaners, will play their first games Sunday. Drawings for games will be made today.

The two teams are known as Ralph's Cleaners and Ralph's Indians. They will be coached by varsity stars Don Delbon and Larry Blanchard, directed by Mike Orlich.

Members of the Cleaners team are: Jerry With, Tom Costello, Al Lagomarsino, Rich Watso, Jack Plunkett, Jerry Yarbrough, John Lucia and Bernard Milliron.

The Indian team is made up of: Bill Storch, Darrell Chapman, Wesley Yates, Rich Rodriguez, Ron Anguillo, Dick Kalinin, Darrell Cusby, Len Hinterman and George Miller.

The Palace of the Legion of Honor in San Francisco contains 19 main-floor art galleries.

WESTLAKE CUBS WIN FIRST LEAGUE GAME

Westlake's Cub pack 248 won their first league game last Saturday by beating Cub pack 255 in extra innings, 12 to 8.

The battery for 248 was Dave Bosberry and Pete Dunan. Field Captain was Dave Sire.

The feature of the day was Dave Bosberry's home run with two boys on bases.

The next league game is in Vincente Park at 10 a.m. tomorrow (Saturday) against pack 1.

TWO CHAMPIONS RETAIN CROWNS IN JEFF BOUTS

ROSA OUT-JABS KEARN IN WELTER CLASH IN TOP BATTLE OF EVENING

A crowd of some 500 fans turned out Friday at the Jefferson high gym to watch eight action-packed boxing matches.

The bouts saw two defending champions uphold their crowns, while five titles were claimed by new comers.

In the keenest boxing exhibition of the evening, Ray Rosa, 147, showed a little too much left hand for Al Kearns, 142, to win by a decision in the three-round bout. Rosa, quarterback on the Jeff grid team, used his 6 ft. 1 in. frame to advantage over the shorter (5 ft. 8 in.) Kearns.

Rosa kept Kearns, who was a smashing hitter and aggressor during the bout, in trouble with left jabs. Kearns cornered Rosa on a couple of occasions, but Rosa slipped out before any damage was done.

In another good set-to, George Rancatore decided Al Montez in the 135-pound division.

Montez forced the fight but was whipped by the deft counter-punching of Rancatore. The victor finished strong to gain the verdict.

One of the roughest bouts of the evening was the heavyweight clash pitting defending champ Vic Irons, 200 pounds, and Vincent Reece, at 195.

Irons employed a dangerous right hand to the mid-section, followed by left hooks to the head. Irons won the margin of decision with his vicious body punching.

In the 112-pound title contest, Bill Buschman, at 104 pounds, retired Tom Ascariz, 97 pounds, in the second round with a right hook to the stomach. He was credited with a TKO.

Darrell Hall, weighing 115, decided Rich Cooper, the same weight, in the three-round battle for the 118-pound division.

Defending champion Darrell Chapman, just making the weight at 127 for the go in that category, decided Milo Williams, 124, in a closely matched bout.

In an extra match, Dick Hosking, 135, gained the nod over Norman Dunham, who stepped in to the ring at 132.

Two San Francisco State college wrestlers, Tom Dorff and Warren Allbee, staged a three-minute exhibition match, and then delighted the crowd with a couple of minutes clowning on the mats.

In the 160-pound battle, Harry Sampson decided Larry Conway in a closely waged contest. The two pugilists both weighed in at 155 and fought on nearly even terms, with Sampson gaining the verdict by outlasting his opponent in stamina.

Proceeds from the bouts go to the Boys' athletic fund at the local high school.

Balboa Tops Jeffs In Extra Innings

Jefferson's varsity managed to again outwit the opposition, but were still turned back, 5 to 3, in a practice game held here Monday against Balboa high.

The Jeffs, trailing by one run in the last of the seventh, tied the score and forced the game into extra innings. Don Delbon singled to open the seventh, was sacrificed to second by Rich Cryer, and scored on Ray Rosa's single.

The Balboas countered in the ninth when Delfin singled and stole second. Hausen walked and also stole second. Indian hurler Joe Lewkowicz got Poppin and Morey on an infield out, but Shaw singled to score Delfin and Hausen.

Lewkowicz allowed Balboa only four hits, while the Indians racked up five.

Seven per cent of all hunting accidents in the United States last year were caused by discharge of a loaded gun in a vehicle or while removing a loaded gun from a vehicle, the National Rifle Association reports. In California and a number of other states it is unlawful to carry a loaded shotgun or rifle in a vehicle.

Church News

Two Services Palm Sunday At Lutheran Church; Special Rite On Good Friday

FIRST SERVICE IS AT 8 A. M.; CONFIRMATION SLATED TO FOLLOW

Two services will be conducted in observance of Palm Sunday at Bethel Lutheran church, Alemany boulevard and Huron avenue. The first service will be conducted at 8 a.m.

The Rite of Confirmation will be administered in the second service at 10:45 o'clock.

The following will be received into the membership of the Lutheran church: Donald Elvander, LaRae Frank, Raymond Hart-

mann, Ralph Hatten, Sharlene Hearn, Donna Hodges, Alma Kalknick, Janice Killalee, George Matrangola, Gertrude Trettin, and Eleanor Wassman. The Senior Choir will render special selections. The Rev. Herbert P. Schroeder will officiate.

The Walther League, organization of the young people of the congregation, will hold a reception for the members of the Confirmation Class, this evening (Friday), beginning with a dinner at 6:30 o'clock. Mr. and Mrs. Rupert Wandel are the sponsors of the organization.

Easter Morn Service Planned At Theater

The public is cordially invited to attend the third annual Easter Sunrise Service to be held at 6 a.m., April 5, at the El Rancho Drive-In Theater located just south of the city at El Camino Real and Junipero Serra boulevard. The spacious grounds of the theater, which are donated each year for these services, will accommodate a thousand automobiles.

An outstanding convenience of the drive-in theater program is that all members of a family, and their friends, may enjoy the entire service from the comfort and privacy of their automobile by means of an amplifier placed in each car. Rain, wind or other inclement weather will not affect your enjoyment of the service.

The sponsoring Lutheran churches (Missouri Synod) were the first to hold an Easter service at a drive-in theater in this area. Each year since, the popularity of attending such service has been increasing, and it is expected that this year's attendance will set a new record.

The Rev. Donald Deffner, speaker for the festival occasion, has had wide experience in educational and church fields and is at present the Lutheran pastor at the University of California. While serving the students, Rev. Deffner is also hard at work on his own doctoral thesis. Easter music will be sung by the festival choir under the direction of Mr. W. Albert Rubke, with Miss Verla Grumm at the organ.

Lutheran Pastor Announces Service For Holy Week

Rev. Robert G. Konzelman, pastor of The Lutheran Church of Our Savior, Junipero Serra Blvd. and Garfield, announces that services for Holy Week will begin with a Festival Service on Palm Sunday at 11 a.m. New Members will be received into the communicant membership of the church at that time.

On Maundy Thursday at 7:30 p.m. the Sacrament of Holy Communion will be celebrated. The pastor's sermon theme is "A Doomed World Needs the Cross." A community Good Friday service will be held on Friday, April 3, from 1 to 2 p.m. with special music by the Junior Choir. A cordial invitation is extended to all to worship at The Lutheran Church of Our Savior during Holy Week.

Bayshore PTA Sets Date For Officer Installation

Bayshore PTA installation of officers and chairmen will take place April 8 at 2 p.m. in the Bayshore school auditorium.

This year the installation will be in the form of a fashion show. All parents and friends are welcome to attend this meeting. Refreshments will be served.

SCHEDULE OF MASSES IN LOCAL CATHOLIC CHURCHES SUNDAY

OUR LADY OF PERPETUAL HELP CHURCH
30 Wellington Avenue, Daly City
Plaza 5-2377

Sunday Masses at 6:30 a.m., 8 a.m., 9 a.m., 10:30 a.m. and 12:15 p.m.

Devotions — Tuesday, 8 p.m.
HOLY ANGELS CHURCH
107 San Pedro Road, Colma
Plaza 5-0478

Sunday Masses at 7 a.m., 8 a.m., 9 a.m., 10 a.m., 11 a.m., and 12:15 p.m.
Perpetual Novena — Tuesday, 7:30 p.m.

Proposal Of Jesus Sermon Theme At Ocean View Church

"The Proposal of Jesus" is the sermon theme for Palm Sunday at the Ocean View Christian church, whose temporary location is the Lakeview Dancing academy, 107 Sagamore, just off San Jose avenue. This service is at 10:45 o'clock. A service of benediction of infants will be observed.

Bible school is held at 9:30 o'clock.

All disciples of San Francisco will attend a mass session at the Westside Christian church Sunday evening at 8 o'clock. Myron C. Cole of Portland, Oregon, is the speaker.

"The Last Supper," a dramatic spoken drama of the happenings in the upper room will be presented by the Ocean View Christian players, Thursday evening, April 2, with 15 players in the cast. A communion service for all follows the presentation, which is open to the public.

Plan Special Service Sunday At Grace Church

Sunday a special service is planned at the Grace Presbyterian church by the Rev. William Harberts, pastor.

Worship service will begin at 11 a.m. and the pastor will speak on "The Triumphal Entry."

The Grace church choir and the junior choir will assist in the service with special anthems.

There will be reception of members in connection with the service.

LUMBER for spring fix-up

BOY SCOUTS OF LAKE MERCED DISTRICT BEGIN TICKET SALES FOR SCOUT-O-RAMA

Boy Scouts of the Lake Merced district swing into action this week on the ticket sales campaign for their annual Scout show, the 1953 Scout-O-Rama to be held at the Cow Palace May 1 and 2.

The Scout-O-Rama is an eight-act extravaganza covering the whole range of typical Scouting skills and sports with some 4,000 boys participating.

Tickets Distributed

Albert M. Rosenberg of 125 Windsor drive, ticket sales manager for the Scout-O-Rama in the Lake Merced district, distributed tickets for the show Wednesday to the sales managers for the individual Scout units in this area.

Similar distribution meetings were held in the other six Districts of the San Francisco Scout Council. The unit managers will in turn pass the tickets on to the Cubs, Scouts and Explorers who will act as door-to-door salesmen during the campaign. Nearly 8000 boys are taking part in the city-wide sale of tickets, which is expected to reach close to the 40,000 mark.

Baseball Is Theme

Baseball will be the central theme of a council-wide contest among the boys to see which Scouts can sell the most tickets. Star salesmen will receive a variety of awards, including bat-and-ball emblems for their Scout uniforms and a mechanical pencil shaped like a baseball bat, bearing the name of the boy who has earned the title of "Home Run King."

Each geographic district of the San Francisco council has taken the name of a prominent west coast baseball team. The Lake Merced Beavers will be competing against the Sunset Seals, Richmond Rainiers, Golden Gate Angels, Embarcadero Stars, and McLaren Park Oaks.

MENLO PARK MAN WILL SERVE AS LITURGIST FOR DAY

On April 3rd, Good Friday, commemorating the crucifixion and death of Jesus Christ on Calvary, will be observed with a special service beginning at 1 o'clock at the United Nations Theatre, 260 O'Farrell street.

The Rev. Orval Oswald of Bethany Lutheran church, Menlo Park, will be the speaker, and the Rev. L. C. Marting of Hope Lutheran church, Colma, will serve as liturgist.

This service is sponsored by the Lutheran churches, Missouri Synod, of San Francisco. The public is invited to attend.

The committee in charge of arrangements is as follows: Messrs. R. Ehlers, H. E. Hall, and the Rev. Herbert P. Schroeder.

Compete In Districts

Competition will also be carried on with the districts, on the level of Den, Patrol and Crew. These smaller "teams" (consisting of eight boys each) will keep tabs on the number of ticket sales made during the week-long "innings" of a six-inning "game."

The boy who sells the most tickets during the first inning will be called "rookie of the week," and the boy who sells the most for his team during the entire game will be hammed to "baseball's hall of fame." Each boy's batting average will go up with his sales record.

Can Earn 20%

Scout Packs, Troops and Posts (larger units within the district) can earn up to 20 percent in commissions by early sales of Scout-O-Rama tickets. Streamer awards will also be presented to units exceeding their quotas.

In charge of the overall ticket sales campaign is James MacDougall, of the Borden Milk Company. Ticket promotion is in the hands of Jack Shaw, of Tide Water Associated Oil.

General chairman of Scout-O-Rama this year is Howard A. Carver, of the Emporium, and production of the show is being managed by Hal F. Haener, of Macy's. William S. Roberts of the Shell Oil Company is in charge of promotion.

CUB PACK 248 HOLDS MARDI GRAS TONIGHT

Cub Pack 248 is holding a Mardi Gras tonight (Friday) at 7 p.m. in the Westlake Club house.

All donations are for the cubs of pack 248 to further their sporting events and trips of educational design.

There will be five booths of games with many prizes. A cake sale will be held and coffee and cake will be on hand.

Donations are 25c for adults, free to children.

CHOOSE CHAIRMEN FOR CANCER DRIVE

The north county cancer drive will get underway soon.

The following chairmen have been chosen to lead the campaign: Mrs. John Eason, 924 Hanover street, over-all chairman for the north county; Mrs. Edward Byrne, co-chairman; Mr. Eric Carlyle, Bayshore, Mrs. Harris Hopper, Brisbane, and Mrs. Frederick Pattison, Colma, town chairmen.

Workers are needed for solicitation, according to Mrs. Eason. Those who would desire to aid in the project should call Mrs. Eason, JU. 7-5376, or JU. 7-6768.

Plans Made For OLPH Fashion Show Saturday, April 18

Saturday, April 18, is the day when all the ladies get together and meet at the school auditorium of Our Lady of Perpetual Help for the annual fashion show and luncheon.

This year it will be commented by Mrs. A. Liberti.

Mrs. Dorothy Carrington has charge of the delicious ham luncheon that will start promptly at 1 o'clock. The hostess for the day is Mrs. Peggy Hansen, a new member. The models for the show are members of the club and their children.

Mrs. Tony Ricci and her two daughters Patsy and Judy, Mrs. Eleanor Mumford and daughter Mary Ann, Mrs. Marilyn Panella and daughter Candy, will be modeling. Other models will be Mrs. May Jordan, Mrs. Carmen Regis, Mrs. Josephine Lamendola, Mrs. Lois Kelly and Mrs. R. J. Ennis. Mrs. L. Thiebaut, vice president, will have her two daughters, Francine and Charlotte, model. Other children modeling will be Diederick and Nancy Carr.

Reservations should be made right away. Call Mrs. Joseph Balettreri, JU. 7-6341. The price of the tickets is \$1.50.

The ladies clothes will be from Worth's of 2442 Mission street, and the children's clothes from Lad and Lassie of Westlake.

Billie Hathaway, a graduate of Our Lady of Perpetual Help school, will dance. Mrs. F. English, a beauty expert, will make up the models. The jewelry is by Coventry. Mrs. M. J. Cresta is general chairman and is working to make the show a success.

Plea For World Peace To Be Made Sunday At Broadmoor Rite

A prayer for world peace will be offered by the Lake Merced VFW Post and Auxiliary Sunday at 2 p.m. when the group gathers to dedicate the planting of a tree at the Broadmoor community center.

Veterans organizations are taking part in similar dedication exercises across the United States.

Sunday has been the date set for the rite in California.

A large ceremony is planned at the community center and the public has been invited to attend.

An eastern chemical company has produced a new plant food which can be sprayed on shrubs, flowers, and vegetables. The manufacturer says it provides a "balanced diet" for plants, providing nitrogen, phosphorus, potassium, and other elements.

Old Glory Auxiliary Visits Vet Hospital

Several members of Old Glory Auxiliary recently took part in a ward party at the Palo Alto Veterans' hospital along with members of Matalan Auxiliary and Shoreview Memorial Auxiliary.

The club members dined with patients in Ward 11, to the music of Erick Diebel, accordion, Leroy Smith, spanish guitar, and Arnerdo Genella, accordion.

One of the hospital patients from Ward 14 also played the steel guitar.

Cider and doughnuts were served to the patients and cigarettes were passed around to all.

Those attending from the local Auxiliary were: Mrs. Mary Conti, Mrs. Bonnie Ellenwood, Mrs. Leona Lombardi, Mrs. Catherine McKeown and Mrs. Clara Poket.

Sunday at the home of Mrs. Elizabeth Sorenson in Redwood City, a surprise party was given to President Marie Gehrig of the Old Glory organization.

The following members enjoyed the hospitality of the co-hostesses, Lorraine Schneider and Elizabeth Sorenson: Mrs. Conti, Catherine Henriques, Mrs. McKeown, Louise Crowley, Lena Pardini, Josie Valenti, Pauline Valenti, Eleanor O'Brien, Ethel Harris, Marjorie Johnson, Mrs. Poket, Mrs. Ellenwood, Bertha Monday, Carl Pardini, Alex Alburts, Ethel and Walter Dorn, Ruth and Ray Brulez, Eleanor and Earl Cochran, Bob Schneider and Joe Gehrig.

Refreshments were enjoyed by all in the spacious patio during the afternoon and at 5 p.m. a baked ham dinner was served in the dining room.

A gift was given to the honored guest from the members of the Auxiliary. Mrs. Schneider presented her with a corsage of pink fiber roses.

Announce Holy Angels Fashion Show Program

The program for Holy Angels' spring festival style show nears completion.

The theme will be a wedding in spring. The grand finale will include a bride, her four bridesmaids and a junior bridesmaid.

Most of the styles featured will be of interest to the budget minded woman.

The Elsa Margo shop is supplying the fashions and is giving 5 per cent of the profits of all purchases through the show to the new Holy Angels' school.

The show is slated to begin at 2 p.m., April 12, in the Jefferson high school auditorium. For reservations call PL 5-0249 or PL 5-7767.

WELCOME To Daly City

New Families Moving Into Daly City Recently

The following are new residents of Daly City:

Ray E. Webster, 20 Second avenue, apt. 4.

Robert C. Schoenborn, 129 Shakespeare.

William F. Heinze, 27 Willits street.

Albert Fustini, 197 Los Olivas avenue.

Roy Gatti, 12 Second avenue, apt. 2.

Agnes Stanislas, 1159 Brunswick street.

Joseph M. Bino, 11 Garden Grove drive.

Robert D. Creedy, 35 Garden Grove drive.

Frank J. Petrilak, 43 Garden Grove drive.

Frederick W. Isaac, 806 N. Mayfair drive.

Joseph L. Carpenter, 450 Southgate avenue.

M. L. Shepherd, 114 Crocker avenue.

T. L. Elliott, 6586 Mission street.

Seymour Kalke, 359 Glenwood avenue.

Mrs. Edward Albert, 1009 Brunswick street.

Jerome Miller, 101 E. Moltke street, apt. 3.

Seymour Hipselman, 160 Wilshire avenue.

Laurence H. Lamphear, 832 N. Mayfair drive.

Bertram E. Cohen, 872 N. Mayfair drive.

Ray Higgs Jr., 146 Knowles avenue.

Charles A. Robinson, 60 Evergreen street.

R. Martell, 79 Mar Vista drive.

John L. Barton, 264 Third avenue.

Mrs. Thomas B. Clark, 81 Mar Vista drive.

Leonard J. Palmer, 751 Hillside boulevard, apt. 64.

Arthur H. Colman, 372 Northgate avenue.

Harry Minkin, 23 Fairmont drive.

Our engineers today have the know-how to produce a rocket engine having a power output equivalent to the combined electrical power output of all the industrial and utility companies in Michigan.

When we came out here from the East, we found that...

Gas and electricity are cheap in California

says Mrs. Ruth Kirkpatrick of Pacific Grove

How P. G. and E.'s low rates save Mrs. Kirkpatrick money

In Mrs. Kirkpatrick's Pacific Grove home, these appliances bring her easier housework, better living.

Mrs. Kirkpatrick's P. G. and E. bill last month was...\$14.09

In her former Eastern home, the same amount of electricity and gas would cost...\$24.08

Two years ago, Mrs. Kirkpatrick moved to California with her two daughters Mary Anne (left) and Donna. Like so many other newcomers, she soon discovered that gas and electricity cost much less here than in her former home. Let P. G. and E.'s bargain gas and electricity do more of your work, bring you more of life's comforts. Nothing else you buy does so much — costs so little.

News of Your Local Businesses and Business Men

By JANE KEITH

SHAW'S CANDY STORE, in Broadmoor, hits the top of our list this week with its Easter decor and what seems like millions of those "I want more, more, more" SHAW'S CANDY eggs of every shape, size, flavor and description!

Now, let us repeat what we are always saying about SHAW'S candies—They give you only the finest and freshest of candies; they give you full measure and more; their prices are reasonable! Then, when a season such as Easter comes along SHAW'S goes all out to wrap and decorate your candy accordingly—giving your candy gift (whether it be large or small) what the French call "flair"!

Eggs range from 5c to \$2.50 (for individual eggs). Baskets are priced from \$1.00 to \$10.00 and take it from us—"Those baskets ain't hay!" They are loaded with really edible and delicious candy eggs!

New this year at SHAW'S are CHOCOLATE BASKETS! Yes, the basket itself is made of either milk or dark chocolate and come filled with either a variety of candy eggs (for \$1.85) or with chocolate eggs (for \$2.00). ADORABLE!

Music box baskets which play an Easter tune—and these are made of cardboard so heavy it resembles metal—are \$2.50.

Metal topped, Jack-in-the-Boxes play "Pop goes the Weasel" sell for \$2.00.

Pull toys, loaded with candy, include a Buckaroo cart plus a cowboy; a locomotive with engineer—only 95¢!

Our favorite is SHAW'S Clownmobile—a gay red and white clown in a red jeep, laden with lollypops for only \$1.25! Jeep has a strong friction motor, too!

I think it was Ogden Nash who wrote: "Cats have kittens—dogs have puppies—But Guppies can only have little Guppies"—which brings us to the 5c Guppies in the DALY CITY PET SHOP and to owner Laura Coleman, who priced the fish at 5c each in order to answer this plea from her many small visitors. "Haven't you got something for a NICKEL?"

Easter time, as usual, has brought out the bunnies—and the front window of the DALY CITY PET SHOP is loaded with them for \$1.50 each! Try buying just one (it won't die of loneliness) and you and your family will enjoy a quiet, easy to feed (pellets are 10c per pound) pet... outside, of course!

And, if you are looking for a gift for a small child—or a toy to make your puppy ecstatic—take a look at the large sized, soft rubber toy animals in Mrs. Coleman's shop. These sell for 98c and models include a pig complete with curly tail and squeak; a gray and pink donkey sitting on its haunches and braying; a Disney-like fish and a flop eared, sad eyed hound...

TOYLAND NURSERY SCHOOL teacher, Edith Crique, took to wearing sun glasses last week—but not because of glare trouble! Seems that three-year-old pupil Johnny Nowak gave her a beautiful shiner when his head and her eye met in the block corner at clean up time. (Mrs. Crique says that hit parade song "Don't let the stars get in your eyes" makes sense to her now)...

Saw the Berning's baby, little Joanne, on Monday and she is a darling! We had a hard time dragging ourselves away from her flirtations blue eyes and cute antics and getting down to the merchandise out front—which is certainly lovely to look at, too!

Perfect for that Easter gift are spring colored, nylon puckerette sport shirts for \$3.95. These wash and dry in a flash, but just one word of caution! Gently stretch ALL seams while the shirt is wet—otherwise, you will have to press with a cool iron. And, for sock colors that match these shirts exactly—look at BERNING'S stock of 100% DuPont nylon, elastic topped socks. By actual TEST, these socks outwear three pair of cotton hose. Price for boy's sizes, 75c per pair—men's sizes, \$1.00.

Mrs. Simonsen To Head Woodrow PTA

The last regular meeting of the Woodrow Wilson PTA was held March 17, at which time the election of new officers took place.

The following officers were elected: president, Mrs. O. Simonsen; vice president, Mrs. E. B. Hahn; vice president, Mrs. K. Miille; recording secretary, Mrs. C. Tydingco; treasurer, Mrs. M. Plansky; auditor, Mrs. H. Cosmos; historian, Mrs. A. Venturini. Installation will take place at the next regular meeting in April.

Guest speaker was Mrs. L. Bostinick. She stressed the importance of a good home environment in order for a child to do his best in school.

"A tired child cannot do justice to his school work. Neither can one who has come to school without a good breakfast," she said. Parents should take an interest in the school and visit the class rooms, the speaker pointed out.

Mrs. Jane Brown's third grade class showed how arithmetic is taught in the third grade using flash cards, objects and measures.

On March 19 the group was well represented at the 26th annual convention of the 17th district held at the Central school auditorium, San Carlos. Attending were Mesdames Lobel, Williams, Simonsen, Plansky, Cosmos, Kerekes, Buzard and Venturini.

Woodrow Wilson PTA's program for the year 1952-53 received an "Award of Merit" from the 17th district for having the standard PTA program requirements.

BERNING'S also has a new stock of those wonderful "Tom Sawyer" shirts for boys. Gorgeous prints, that famous Tom Sawyer "fit" and a price that is right for your purse, just \$1.89!

Remember, for Easter giving and for year round clothing needs, try BERNING'S in the lot's of free parking, King's Market shopping center in Broadmoor!

KIDDIEVILLE, in Broadmoor, is one of our very favorite children's shops because of its wide variety and fine quality of clothing, toys and furniture. Right now, owners Mr. and Mrs. Godes are emphasizing Easter clothing (some of the daintiest dresses you've ever seen—and what smart slacks and jackets for boys), but whatever the season—if your child wears sizes from 1-14—KIDDIEVILLE is your store and a year round place to buy the most of the best for the least money!

If you've wondered what the excavation next to McINTYRE'S PET HOSPITAL is all about, here's the answer... That present hole in the ground will be the new home of the CALIFORNIA SEED AND NURSERY. But, meantime, drop into the Van Horn's present place of business (2071 Junipero Serra Blvd.) before April 15, and take advantage of what terrific bargains are left before they move!

4 powerful reasons why you
get more of what you want...

1953 Chevrolet Advance-Design Trucks do more work for less money!

more engine power!

Advanced Loadmaster engine—standard equipment on 5000 and 6000 Series heavy-duty and forward-control models, optional on 4000 Series heavy-duty trucks.

more braking power!

In 1953, all Chevrolet trucks up to 4000 Series heavy-duty models have "Torque-Action" brakes. Series 4000 and above use extra-large "Torque-Action" brakes in front, "Twin-Action" type in rear.

more staying power!

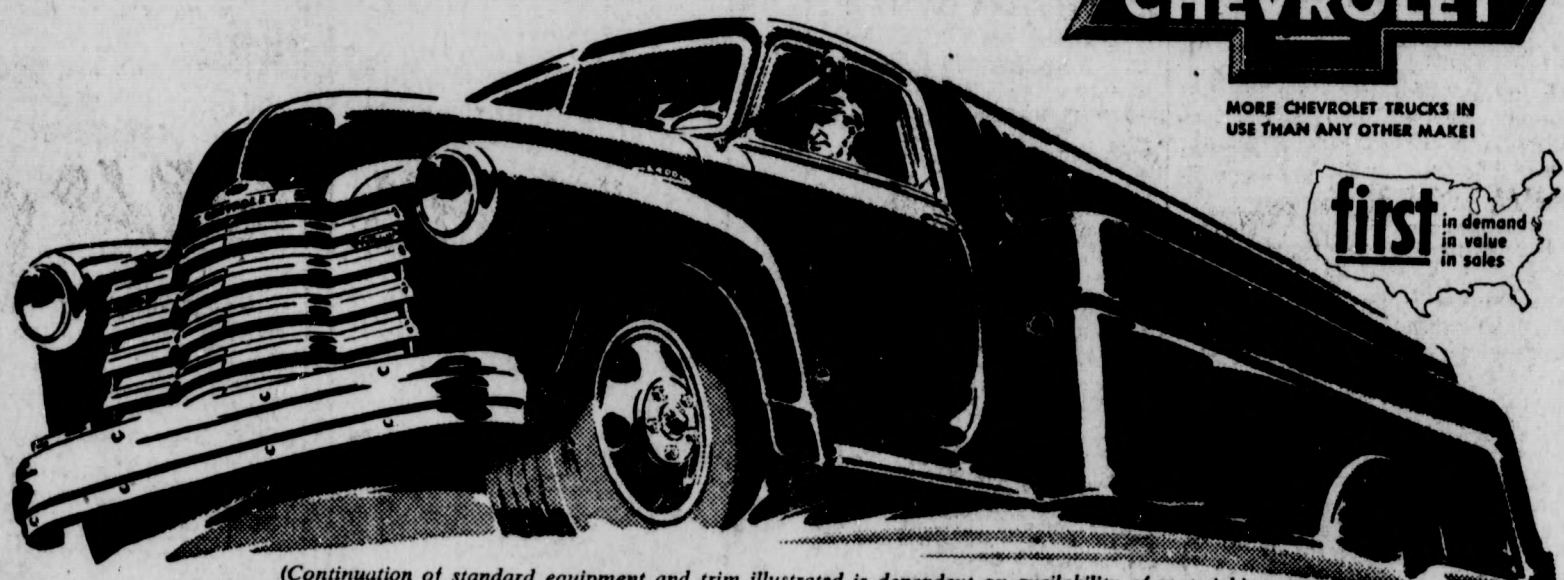

Now, heavier, stronger, more durable frames increase rigidity, add to ruggedness and give more stamina than ever to all 1953 Chevrolet trucks.

more economy!

The new stamina of Chevrolet trucks, plus extra gasoline economy in heavy-duty models with improved Loadmaster engine, reduces hauling costs per ton-mile.

MORE CHEVROLET TRUCKS IN
USE THAN ANY OTHER MAKE!

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

AROUND THE AREA

Jekyll and Hyde

Forrest Silva Tucker, 32, a "respectable" family man who had been living with his wife and five-month-old son in a fashionable Hillside Garden apartment, was held in Oakland City Jail this week, charged with committing at least 17 bay area and southern California holdups.

The double-life existence of Tucker, who lived with his wife and son under the alias of Richard S. Bellew at 250-D 36th avenue, was uncovered Saturday when he was arrested in San Francisco.

Oakland police raided an Oakland motel and captured his asserted partner, Richard B. Bellew.

The news of Tucker's arrest sent his unsuspecting wife, Shirley, into a nervous breakdown.

Rescue by Helicopter

A navy submariner, victim of an accidental gunshot wound, was taken off a narrow strand of beach at the base of Mussel Rock, north of Edgemar Sunday afternoon in a dramatic helicopter rescue effort.

George Krohn, 22, a sailor, was taken by sheriff's ambulance to South San Francisco where doctors termed his condition good.

Krohn shot himself in the groin as he was reloading a .22 calibre pistol. His companion, who had been target shooting with Krohn,

"Wouldn't Take Ride"

A 30-year-old San Jose State college student, Thomas Paul DeCarli, killed his wife, 34, by firing at least three shots into her head and body in a burst of fury Saturday morning and then took his own life by firing a slug from a .38-caliber special revolver into his own head.

The engineering student, who lived at Oregon avenue in South Palo Alto, left a note saying, "I didn't want to do it. She wouldn't take a ride with me."

A Jealous Wife

A jealous wife was arrested by San Mateo police Monday after allegedly following her husband and his girl friend from his home in South San Francisco in an auto chase along El Camino Real.

The husband, Porter Wynne, 38, a mechanic, of 283 Victory avenue, South San Francisco, was able to escape by pulling up in front of the San Mateo police station, with his wife, Esther, 38, in hot pursuit with a loaded pistol in her hand.

As Wynne got out of the machine and started into the station, Mrs. Wynne assertedly fired a shot into the air. Wynne grappled with her, carrying her struggling and kicking into the police station.

She was booked by police on charges of brandishing a weapon in the streets.
